The Honorable Mayor and Members of the City Council
City of Livonia
33000 Civic Center Drive
Livonia, MI 48154

Subject: Request for Approval Of Raffle License and Resolution of Recognition for Tax Exempt Status

Dear Mayor and City Council,

On behalf of Kindred Spirits Quilters of Livonia, I am writing to formally request the City Council of Livonia approve our application to conduct a raffle and adopt a resolution recognizing our organization as a tax exempt social club operating in the city.

Kindred Spirits Quilters of Livonia is a tax exempt 501(c)(7) social club organized exclusively for the education and promotion of quilting among its members through meetings and events that focus on quilting methods, techniques, tools and other quilting related topics. The membership is limited to 80 members. Monthly, a meeting is held to discuss business, listen to a speaker, share quilts and other projects made and to socialize. Monthly, a sewing event (sit and stitch) is held. The member brings their sewing machine to learn a new technique from an instructor, create a new project from an instructor or sew on an existing project (open sew). At one sit and stitch, Kindred Spirits Quilters of Livonia sponsors an annual Charity Sew where quilts are made for donation to specific charities. Kindred Spirits provides batting, some materials and lunch for the members attending. Also, members make charity quilts at home. Last year, Kindred Spirits Quilters of Livonia donated over 100 quilts to AAA Pregnancy Center and Ann Arbor Veterans Administration. This year the charities are the same and we anticipate donating around 100 quilts again.

Kindred Spirits Quilters of Livonia are planning to host a gift basket raffle to raise funds for our Charity Sew program, for speakers at our meetings, and for instructors at sit and stitch.

RECEIVED
OFFICE OF THE CITY CLERK
2026 MAY 20 AM 10:53

The details of the proposed raffle are:

Raffle Event Name:

Make It Bake It Take It Event. This is an event open to Kindred Spirits Quilters of Livonia members and their family and friends (by invitation only). It is not open to the public.

Address of Event:

St Timothy Presbyterian Church
16700 Newburgh Rd
Livonia Mi 48154

Date of Event: September 29, 2026

Time of Drawing: 7:00 pm

Ticket Price: 6 tickets for \$5, 12 tickets for \$10, 25 tickets for \$20 (roll type tickets)
This is a gift basket raffle, where each prize has a description and container. The member places a ticket stub in the prize container they are interested in. The winner is determined by pulling a ticket stub from each container.

Total Prize Value: Estimated to be around \$750 to \$800

Members donate the prizes including gift certificates, quilt kits, table toppers, quilt notions, baked goods and other items. The member determines the prize value of the item donated. Kindred Spirits Quilters of Livonia is still in the process of obtaining prizes to be raffled. The final prize value cannot be determined at this time.

Enclosed with this letter is the required State of Michigan Raffle License Application including a blank State of Michigan Local Governing Body Resolution for Charitable Gaming Licenses form, a copy of our tax exempt IRS 501(c)(7) determination letter, a copy of our articles of incorporation, and a copy of our by laws.

We kindly request the City Council approve the license request and pass the necessary resolution at the upcoming June 1 meeting. Should you require any additional information or if you have any questions regarding our organization or this event, please contact me directly at 248-910-1901 or kindredbarb25@gmail.com.

Thank you for your time, support and consideration.

KINDRED SPIRITS QUILTERS OF LIVONIA
20604 CHESTNUT CIR
LIVONIA, MI 48152-2084

Dear Applicant:

We determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(7). This letter could help resolve questions on your exempt status.

Donors cannot deduct contributions they make to you under IRC Section 170(c).

As an organization described in IRC Section 501(c)(7), you're permitted to receive up to 35 percent of your gross receipts, including investment income, from sources outside of your membership without losing your tax-exempt status. Of the 35 percent, not more than 15 percent of your gross receipts can come from general public use of your club facilities or services. Income greater than these limits may jeopardize your continued tax-exempt status.

If we indicated that you're required to file an annual information return, you must file one of the following:

- Form 990, Return of Organization Exempt From Income Tax
- Form 990-EZ, Short Form Return of Organization Exempt From Income Tax
- Form 990-N, Electronic Notice, e-Postcard for Tax-Exempt Organizations Not Required to File Form 990 or Form 990EZ.

If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

What you should know

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

Where to find more information

For important information about your responsibilities as a tax-exempt organization:

- Visit [IRS.gov/charities](https://www.irs.gov/charities)
- Read Publication 4221-NC, Compliance Guide for Tax-Exempt Organizations (Other than 501(c)(3) Public Charities and Private Foundations)

Find tax forms or publications by visiting [IRS.gov/forms](https://www.irs.gov/forms) or calling 800-TAX-FORM (800-829-3676).

Kindred Spirits Quilters Of Livonia By Laws

1.0 Purpose

Kindred Spirits Quilters of Livonia is a non profit social club dedicated to sharing the interest, friendship, art, and education of quilting. The members of Kindred Spirits Quilters of Livonia share quilting information on shops, shows, exhibits, and participate in "Show & Share" for inspiration and motivation. The guild encourages participation in its annual charity sew. Passing on the love and art of quilting to current and future members is also encouraged.

2.0 Membership

To be eligible for membership in Kindred Spirits Quilters of Livonia, the individual must have an interest in the art of quilting. Members in good standing may hold office and receive membership benefits. Good standing is defined as being current on annual dues and participating in guild activities. Membership benefits include (but not limited to) receiving membership information, newsletters, zoom meetings, and access to guild Facebook page.

The membership will be limited to eighty members. This number is evaluated by the board on an annual basis. If there is a waiting list, the Membership Chairperson is responsible for maintaining it.

3.0 Meetings and Events

Meetings are held on the 4th Tuesday of each month, except December, at St. Timothy Presbyterian Church, 16700 Newburgh Rd., Livonia, MI 48154 at 6:30PM. If Livonia Schools are closed, the guild meeting is cancelled and will resume the following month. If St. Timothy is not available for meetings an alternative venue will be communicated to the guild.

The meetings include business discussion, committee reports, presentations on quilting history, technique and tools. Speakers include members of the guild, local shop owners and quilt experts/teachers. At the end of each meeting is "Show and Share". Show and Share is when a member shows a quilting project they made and provides a brief explanation about the quilt, such as who it was made for and what pattern they used.

Monthly (typically the first Saturday of the month), members of the guild meet to "sit and stitch", which provides the member the opportunity to sew in a group setting. The sit and stitch theme may vary each month. Some months it is an "open" sew where the member brings in a project and works on it. Other months the guild sponsors a specific project for the member to make or a new technique to learn. Past examples include mini bags, quilted ornaments, and how to quilt using a ruler.

For the existing annual events of Charity Sew (May), Make It Bake It Take It (September), and Holiday Market (November), their scheduled month cannot be changed without board approval.

Annually, the guild supports a charity sew. The month of May sit and stitch is designated for members to sew quilts for various local charities. The guild supplies batting, fabric, and lunch

for the individuals attending. The members use their own sewing supplies and are encouraged to donate fabric. Members are also encouraged to make quilts at home during the year for donation. Quilts made have been donated to the Veteran's Association in Ann Arbor and the AAA Pregnancy Center in Livonia. The Charity Committee Chair decides the charities to donate to.

Annually, members may attend an overnight quilting retreat (4 days and 3 nights) where they work on projects of their choice and share their knowledge with other individuals attending. The guild sponsors a scholarship (pays the cost of attending the retreat) for one member in good standing.

4.0 Dues

Membership dues are \$30 per year payable at the January meeting, \$15 for members joining in July or after.

Guests who are interested in the guild may attend one meeting before dues are required. Guests who attend meetings in January through May are joining the guild effective the 1st of the following month and will pay \$30. Guests who attend meetings in June through October are joining the guild effective the 1st of the following month and will pay \$15. Guests who attend the November meeting are joining the guild effective January 1st of the following year and will pay \$30.

Dues must be paid by February 28. If payment is not received by the due date, the member will be dropped from the roster. The first person on the waiting list will be contacted for membership.

Executive Board members and committee chairpersons are exempt from paying dues.

5.0 Guild Funds

Money collected by Kindred Spirits Quilters of Livonia will be used for membership purposes only. This includes classes, speakers, food, office supplies, member gifts/prizes and charity sew. Expenses are approved by the board based upon dollar limits and annual budgeted items.

The treasurer is responsible for maintaining deposit documentation, expense documentation, financial reports, and the filing of state and federal forms and annual reports.

6.0 Officers/Executive Board

The Kindred Spirits Quilters of Livonia executive board will consist of the President, Vice President, Secretary, Treasurer, Membership Coordinator, Newsletter and Program Chair.

Officer positions are voluntary. If an individual wants to apply for an open board position, they inform the President. If only one individual volunteers for a position, the membership approves via an oral vote. If more than one person is running for an office, a ballot will be distributed to the membership for voting. No active board member may resign from their current position with the intent of taking a vacant board position.

Officers shall be elected by a majority vote of the membership at the November meeting, with their effective date January of the following year.

The term of office is two calendar years (January through December). Officer positions are staggered, with the intention of not having all new board members at once. The President, Secretary and Newsletter positions are elected in even years. The Vice President, Treasurer, Membership and Program Chair are elected in odd years.

For detailed Board position responsibilities refer to the Kindred Spirits Quilters of Livonia Board Positions Responsibilities forms.

7.0 Standing Committees

Individuals can volunteer to be a committee chair. The Committee chair is approved by the executive board. The current committees include Facebook/Photographer, Make It Bake It Take It, Charity, Party Coordinator, Sunshine Lady, UFO Challenge, Birthday Basket, Snack Coordinator, and Holiday Market.

For detailed Committee position responsibilities, refer to the Kindred Spirits Quilters of Livonia Committee Positions Responsibilities forms.

8.0 Non-profit Nature

No part of the net earnings of this corporation shall inure to the benefit of or be distributed to its member, officers or other private persons, with the exception of the corporation to be authorized to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of their purpose. As a social club, donations made by an individual to this corporation are not tax deductible, this includes dues and fees paid by the members.

Kindred Spirits Quilters of Livonia is not organized and shall not be operated for the private gain of any person or individual. The corporation may pay reasonable compensation for services rendered and make other payments and distributions consistent with the articles of incorporation and by laws.

9.0 Personal Liability

No officer of this corporation shall be personally liable for the debts or obligations of Kindred Spirits Quilters of Livonia of any nature whatsoever, nor shall any of the property or assets of the officers be subject to the payment of the debts or obligations of the corporation.

10.0 Dissolution

Upon the termination or dissolution of Kindred Spirits Quilters of Livonia, assets shall be distributed to one or more charities, designated by the majority vote of the executive board, within the meaning of section 501(c)3 of the Internal Revenue Code, or the corresponding section of any future federal tax code.

11.0 Prohibited Distributions

No part of the net earnings or assets of this corporation, on dissolution or otherwise, shall inure to the benefit of, or be distributable to, its members, officers, or any other private person or individual, except that the corporation shall be authorized to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purpose defined in the articles of incorporation and by laws.

12.0 Restricted Activities

No substantial part of the activities of this corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the corporation shall not participate in, or intervene (including the publishing or distribution of statements) in any political campaign on behalf of or in opposition to any candidate for public office.

13.0 Prohibited Activities

Notwithstanding any other provision of the articles of incorporation and by laws, this corporation shall not carry on any other activities not permitted to be carried on by a corporation exempt from federal income tax as an organization described by Section 501(c)7 of the Internal Revenue Code or the corresponding section of any future tax code.

14.0 Governance

Kindred Spirits Quilters of Livonia shall be governed by its executive board/officers. The executive board is responsible for decision making, including the ability to change or amend the articles of incorporation and bylaws.

Any changes to the articles of incorporation or bylaws may be adopted by approval of two-thirds (2/3) of the executive board.

The board will review the bylaws on an annual basis. Changes made must be in compliance with maintaining social club tax exempt status under section 501(c)7 of the Internal Revenue Code.

15.0 Financial Year

Kindred Spirits Quilters of Livonia fiscal year will be the calendar year (January 1 through December 31).

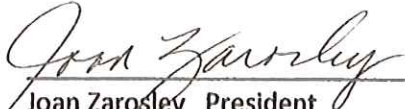

Adopted June 2025 by Executive Board

This is Aquelio Garcia with affordable and reliable concrete. I pulled the permit for 15273 Gary Ln. When I talked to the lady at the front desk

I talked with her about cutting the curb 4 feet long from the existing approach. Her and another man came out and said it was fine so I was under the impression I was

ok to cut 4 feet away from the existing approach curb. It is no excuse I know I am at fault I'm looking for variance. The approach entrance is currently at 27' 4". If you can please schedule me for the June 1st hearing that will be much appreciated I will attach all pictures necessary to this matter thank you very much 734-833-5386.

**MINUTES OF THE 1,245th PUBLIC HEARINGS AND REGULAR MEETING
HELD BY THE CITY PLANNING COMMISSION
OF THE CITY OF LIVONIA**

On Tuesday, May 5, 2026, the City Planning Commission of the City of Livonia held its 1,245th Public Hearing and Regular Meetings in the Livonia City Hall, 33000 Civic Center Drive, Livonia, Michigan.

Mr. Ian Wilshaw, Chairman, called the meeting to order at 7 p.m.

Members present: Wafa Dinaro David Bongero Glen Long
 Peter Ventura Sam Caramagno Ian Wilshaw

Members absent: Patrick Droze

Mr. Jacob Uhazie, Assistant Planning Director, and Stephanie Reece, Program Supervisor, were also present.

Chairman Wilshaw informed the audience that if a petition on tonight's agenda involves a rezoning request, this Commission makes a recommendation to the City Council who, in turn, will hold its own public hearing and make the final determination as to whether a petition is approved or denied. The Planning Commission holds the only public hearing on a request for preliminary plat and/or vacating petition. The Commission's recommendation is forwarded to the City Council for the final determination as to whether a plat is accepted or rejected. If a petition requesting a waiver of use or site plan approval is denied tonight, the petitioner has ten days in which to appeal the decision, in writing, to the City Council. Resolutions adopted by the City Planning Commission become effective seven (7) days after the date of adoption. The Planning Commission and the professional staff have reviewed each of these petitions upon their filing. The staff has furnished the Commission with both approving and denying resolutions, which the Commission may, or may not, use depending on the outcome of the proceedings tonight.

ITEM #2 PETITION 2026-04-02-12 Second Showing LLC

Mr. Caramagno, Secretary, announced the first item on the agenda Petition 2026-04-02-12 submitted by Second Showing LLC, requesting waiver use approval pursuant to Sections 3.11 and 6.53 of the Livonia Zoning Ordinance to operate a consignment furniture establishment at 20412 Farmington Road, located on the east side of Farmington Road between Eight Mile Road and Norfolk Street in the Northwest ¼ of Section 3.

Mr. Uhazie: Thank you, Mr. Chair. This is request to operate a furniture consignment store. One thing to note is this operation has been going on for two years at this location. A little history on the project, it was determined by the inspection department that even though they were allowed to go in without waiver originally, at their biannual review, it was noted that they should come back for a waiver-use approval. So this is not a situation where they went in trying to slip through the cracks. There were lots of discussion between planning, inspection and law of how to handle this. The site is zoned C2 as well as parking, or P for parking, and then N2 along the south and eastern portion of the property. The size of the property, is just under one acre in size, with 120 feet of frontage on front of Farmington road. The shopping plaza site contains three tenants and was built in 1987. The site has a total square footage of about 6,100 square feet. The neighboring properties to the west, across six Farmington road is C1 to the north is C2 zoning to the east is an N2 neighborhood, and to the south are additional C2 commercial properties. The C2 district does allow second hand in consignment shops with waiver-use approval. One thing to note, there is no outdoor storage allowed, but the petitioner has no outdoor storage. The business has been in operation for 16 years, total, the two years last two years at this location. Donation bins on site and drop offs are offered by appointment. The site contains 21 parking spaces in the front as well as 20 spaces in the rear, for a total of 41 spaces these this does meet the zoning ordinance requirements. The access drive to the property is 30 feet wide. And then, one thing to note I can we'll start by reading the letter submitted by the petitioner. They are not able to be here tonight due to their age and inability to drive at night. But I would like to read their letter first. *"City of Livonia, We at Second Showing Consignment have submitted all of our paperwork and the fee in order to be approved by the zoning commission. My husband and I are in our 70's and still enjoy working at our consignment furniture store in Livonia. We keep our hours of operation between 11:30 and 3:30 Monday through Saturday. It has been brought to our attention that the meetings in order to obtain our permit are held in the evening. This creates a problem for us since we do not drive at night. In lieu of attending these meetings, we would like to share what Second Showing Consignment is about. We established our store in Farmington Hills over sixteen years ago. We moved to our current location in Livonia over two years ago. We showcase fine furnishings, decorative accessories, art and unique one of a kind pieces. Our success is based off of our vast knowledge within the business. We consign and sell upscale goods and offer them to our smart savvy shoppers, many of them who have been with us for sixteen years. We take pride in our commitment to*

provide personal service. Every item that we sell is located inside of our store, we never have 'sidewalk sales.' Our policy is a 50/50 split between consignors and the store. We welcome the board members to come visit our store at 20412 Farmington Road, Livonia 48152." With that, Mr. Chairman, I can read out the departmental correspondence.

Mr. Wilshaw: Yes, please.

Mr. Uhazie: The first item is from the Engineering Division, dated April 9, 2026, which reads as follows: *"In accordance with your request, the Engineering Division has reviewed the above referenced petition. We have no objections to the proposed waiver use at this time, but would like to note the following items: 1. The subject parcel is assigned the address range of #20410-#20414 Farmington Road, with the address of #20412 Farmington Road being assigned to the overall parcel. 2. The existing parcel is currently serviced by public sanitary sewer and water main, as well as private storm sewer. There is no mention of utility revisions with the proposal so we do not believe there will be any adverse effects on the existing systems. 3. Should revisions to the utility services to the building, or any work within the Farmington Mile Road right-of-way be required, the owner will need to submit drawings to this Department and/or Wayne County for permitting."* The letter is signed by David W. Lear, P.E., Assistant City Engineer. The next letter is from the Livonia Fire & Rescue Division, dated April 13, 2026, which reads as follows: *"This office has reviewed the site plan submitted in connection with a request to modify a commercial building on the property located at the above referenced address. We have no objections to this proposal. Once official permits are obtained and plans submitted, this division will further review code for the possibility for the need of a suppression system due to the type of use for this occupancy and fire load. A further detailed plan review will take place when this division receives an official plan set."* The letter is signed by Brian Kukla, Fire Marshal. The next letter is from the Division of Police, dated April 9, 2026, which reads as follows: *"I have reviewed the plans in connection with the petition. I have no objections to the proposal."* The letter is signed by Brendan Adams, Sergeant, Traffic Bureau. The next letter is from the Inspection Department, dated February 21, 2026, which reads as follows: *"Pursuant to your request, the above-referenced Petition has been reviewed. This Department has no further objections to this Petition."* The letter is signed by Jerome Hanna, Director of Inspection. The next letter is from the Finance Department, dated April 15, 2026, which reads as follows: *"I have reviewed the addresses connected with the*

above noted petition. As there are no outstanding amounts receivable, general or water and sewer, I have no objections to the proposal.” The letter is signed by Ermon Sims, Chief Accountant. Lastly, we received an email from David Evangelista, dated May 5, 2026, that reads: “Dear City Planning Commission, I am a Livonia resident writing to submit a formal objection to be entered on the record for Petition 2026-04-02-12 (Second Showing LLC, 20412 Farmington Road), to be heard at the public hearing on May 5, 2026. To be clear, I am not opposing the proposed consignment furniture establishment itself. My objection is narrowly limited to one issue: the site as drawn appears to extend toward Shadyside Street, and the petition does not explicitly state how vehicular access to the property will be controlled. Shadyside Street is a residential minor street under the Livonia Zoning Ordinance, intended primarily to serve abutting residential properties. Routing any commercial traffic — including delivery vehicles, customer pickups of furniture, employee access, or service vehicles — through Shadyside is incompatible with its function as a residential street, and inconsistent with the access management standards that apply throughout the C-2 General Business District (Section 3.11) and the use standards for second-hand stores under Section 6.53. Commercial access to this property should be exclusively from Farmington Road, the adjacent major thoroughfare. Beyond the ordinance, Shadyside is a street where residents and children walk, ride bikes, and play. Introducing regular commercial vehicle traffic onto a residential street that has no commercial buffer or traffic controls designed for that purpose creates a foreseeable safety hazard. This is precisely the type of incompatibility the waiver use review process is designed to identify and prevent. I respectfully request that the Commission condition any approval of this waiver on the following: 1. All vehicular access to and from the property — including customer, delivery, employee, and service vehicle traffic — shall be exclusively from Farmington Road. 2. No driveway, curb cut, or access point of any kind shall be constructed connecting the property to Shadyside Street. 3. These restrictions shall be recorded as enforceable conditions of the waiver use approval. I plan to attend the May 5 hearing and would appreciate written confirmation that this objection has been entered into the record. Thank you for your consideration.” That is the extent of the correspondence.

Mr. Wilshaw: Alright, thank you, Mr. Uhazie. I think that is an important thing to note, because the writer of that letter, rightfully, probably was concerned given the boundary lines of this property do extend to Shadyside. There's a bit of an alleyway or an easement,

- Mr. Uhazie: Very unique shape to the site.
- Mr. Wilshaw: So yeah, that is not proposed to be changed at all. So that is good to know. Thank you. Any other questions? Comments for our staff?
- Ms. Dinaro: Not really a question. More clarity. I'm glad you clarified that there's only one entrance, and it's on Farmington. So, I just want to clarify that they've already been operating for two years.
- Mr. Uhazie: Correct.
- Ms. Dinaro: And have there been any issues or concerns with their business, with their operations?
- Mr. Uhazie: No, there been no interactions with Inspection. No violations or anything noted over those two years.
- Ms. Dinaro: Okay, thank you.
- Mr. Wilshaw: Thank you,. Ms. Dinaro. Any other questions for staff? Mr. Uhazie, just again, kind of on the similar subject, I just want to clarify myself, or at least make sure we understand how this came to us, because they have been operating for a couple of years. Am I correct in saying that when this business started, it was maybe perceived by the Inspection Department or Building Department as a furniture store, second hand furniture store, and used furniture store, and now it's really the consignment aspect of it.
- Mr. Uhazie: Correct. The zoning ordinance clearly lays out consignment as a waiver.
- Mr. Uhazie: So, I believe that's how it was first interpreted that way when they first got their certificate of occupancy. But then with the consignment, it was determined that they probably should come through just to be on the up and up.
- Mr. Wilshaw: So if I was, if I was operating just a used furniture store selling my used furniture that I acquired from whatever means, I wouldn't necessarily need the waiver-use in this particular zoning, but because of the consignment aspect, I need it?
- Mr. Uhazie: Correct. If you were selling used furniture that wasn't like donation based or if you're buying it in bulk, I would imagine, or something like that, and reselling it, it would just be considered general commercial.

Mr. Wilshaw: Okay, very good. Thank you. I appreciate that clarification. Well, I'm not going to go to the petitioner because we've already noted that the petitioner is not in our audience tonight due to their needs. They did submit a letter to us explaining their business and explain their reason for their request. Again, I will ask if there's anyone on the commission that has any questions. Mr. Uhazie will have to field them. Anybody have any questions on this item. If not, is there anyone in the audience who wishes to speak on this item? Feel free to come forward to our podium, and we will listen to you. There are a few folks in the audience that wish to speak, so feel free to come forward and we will hear your comments. Again, we ask that you start with your name and address and try to limit your comments to two minutes, please. Good evening, sir.

Kevin Crowell, 20336 Shadyside, Livonia, MI. You may have addressed it already. I think a clarification has to be totally brought out to us. There's quite a few of us from the street here, and it's in regard to access to our street, because we didn't even know there was a consignment store there, you know. It's so small. Worst case scenario, started thinking, well, they're going to be driving trucks up and down, putting in a street and, oh, my god, there's going to be access with all these stores cutting through Eight Mile coming around, you know, cutting through and coming in our street to avoid the stoplights and stuff like this. So, it's 100% that there will not be a street put in. Is that correct?

Mr. Wilshaw: 100%

Mr. Crowell: Beautiful.

Mr. Wilshaw: And it's a very valid concern. On your point, I'm glad that you are clarifying that for us.

Mr. Crowell: One of the things that...we had a tree that we...we've been here before with them putting up the strip mall, and had that...they wanted to have an access on Shadyside. We stopped that, but we also had them put up a berm and trees and stuff, beautiful, you know. We lost a tree that was up, and it was probably about a 30-footer, and when it fell, and it's been down, and I said, aha, that's first sign they're going to start doing some renovations back over there.

Mr. Wilshaw: It's not going to happen. If they were to change the site plan and put a road in, then it would come to us as probably a site plan approval, because they would be modifying the plan. But this is

strictly a waiver-use for a consignment shop, which is basically the same operation that they've already been running for the last two years. That's it. Nothing else is changing.

Mr. Crowell: Well. Thank you very much.

Mr. Wilshaw: Thank you for coming. Appreciate that. Is there anyone else wishing to speak on this item? Go ahead. Come forward. Good evening.

Lucy Eisenhardt Baldassara, 20260 Shadyside, Livonia, MI. In fact, I have two homes on Shadyside, because my Father-in-law was in one, and he passed away and left me his house next door.

Mr. Wilshaw: Sorry about that.

Ms. Baldassara: But our street...we just want to confirm, because the pictures that were sent out show that one section coming right to Shadyside, which we were...and it's a rumor, we confirmed that it's not, but we thought that one strip that was coming along the side was going to be a road, and that is our major concern, because we do have two families that live directly behind the consignment store with children. We have no sidewalks, so people are in our streets walking. We have many neighbors that walk their dogs and are walkers, and we access all...that neighborhood has no sidewalks, so we are in the roads all the time. Our biggest concern is traffic, and that was what we all conversed about. There's several of us from several houses. In fact, probably half the side of that street. We have acre property, so it's limited houses. But we're all have that same concern. We were the same concern when the strip mall went in at the end with the restaurants. We didn't want the access coming our way for that reason, and that's why I just want...we point out that we do have face here and people here, that multiple people are adamant we do not want a road ever to come through there.

Mr. Wilshaw: Definitely, we understand. When these items are sent out to the neighbors, and anytime we see a map, like the one that's on the screen now, our planning department always outlines the entire parcel of the property, and that is the shape of the property. That little strip that goes out...the Shadyside is their property. They always outline that entire parcel, just so we can see the entire site.

Ms. Baldassara: Which is our concern, because that strip also goes there...when they built the new buildings on the end the restaurant, several years ago, they have a reservoir, or rain reservoir there that goes

right alongside of that yellow strip. This side is homes. That side is a water reservoir, then the parking lot for the restaurants are behind it and in front of the restaurants. If they consume any of that for roadway ever in the future, we lose our reservoir, which then our houses get flooded because we did have yards flooding on that side of the street prior to building that reservoir for the water retention. So, there's not just people concerns, there's property concerns. If a road goes in there, we lose different kind of agricultural structure that we lose.

Mr. Wilshaw: Yeah, I'm not going to make you any promises for the future, because you never know what's going to happen. But I can tell you, this petition tonight has nothing to do with any road going in there.

Ms. Baldassara: Can I also request for in the future, for any other planning that...I know the commission only has to send out letters to people within 30 feet or 30 yards of the property. Can we get something in there whenever they change anything or want to change anything, that our whole street gets notified, because only the first five houses got notified. I went around and let everybody else know this is happening.

Mr. Wilshaw: Yeah, there's a ordinance that says what that radius is. I forget, how many is it? 100 feet or three?

Ms. Balassara: 300 feet.

Mr. Wilshaw: I know for you guys, it's not many houses, because you have big lots, but...

Ms. Baldassara: There's approximately 12 houses on each side of the street. But like I said, they do have kids in them. We do have...some of them are fenced and non-fenced.

Mr. Wilshaw: I get it.

Ms. Baldassara: It becomes obstructive. And right where that line comes out, it dead ends on Shadyside, right in between two houses. So, if that ever was a road, they're going to be going into their property.

Mr. Wilshaw: Don't worry about tonight, though. There's no roads proposed. You're good, and we do appreciate, though, you guys kind of being watchdogs for what's going on in that area. So, if anything ever comes up in the future, you know, at least we know that you're engaged, right?

Ms. Baldassara: We all are. We're all concerned. Not only on Shadyside. The people on Norfolk at the end where they would be taking...those houses also communicated to me that they did not...

Mr. Wilshaw: That's good, yeah, stay in touch with the neighbors. That's good.

Mr. Wilshaw: Nothing is going to change as far as access. You're good.

Ms. Baldassara: Great. Glad to hear that. Thank you.

Mr. Wilshaw: Thank you. Anyone else wishing to speak on this item?

Ron Irvin, 20181 Shadyside, Livonia, MI. As far as that little strip is concerned, is it possible that that could have been a road? I mean, is it...does it have enough width to even do that?

Mr. Wilshaw: I don't know the answer to that question, I would assume that it was some sort of an easement or something along those lines. Mr. Uhazie, do you know the history of that level.

Mr. Uhazie: I do not know the history of it. I don't know the width offhand, but it is zoned N2, so there'd probably be some issues there anyway, with getting it as just an access road.

Mr. Wilshaw: Yeah. I mean...

Mr. Irvin: It kind of looks like a strip that was used for utilities or something like that, as far as access, but if it does become a road, my concern would be like for dumping. That would be a perfect place to dump, because I drive in Detroit and I have a friend that his property is dumped on all the time, and it's his responsibility to clean it up and but...or it seems like crime is becoming on Eight Mile Road a little bit more and more, getting more stuff. So, I mean, that's just another place to hide. And as far as traffic our road, I don't think it's going to last the 10 years, because it's already beginning to crack because of all the trucks and stuff like that are going down there to cut the corner of Farmington and Eight. Just wanted to know if it was engineeringly possible that that would be able to have a road in there.

Mr. Wilshaw: That's a good question. I don't have a good answer for you. We don't know the exact width of it, but there are certain widths that are required for roads, and even this right-of-way and so on. I don't know if it's wide enough, but even the zoning itself would be problematic.

Mr. Irvin: I know Norfolk should have been stretched another 18 inches wide because the school busses. They're afraid to clip a mailbox.

Mr. Wilshaw: Alright, thank you. Thank you, sir. Anyone else with any comments or questions on this item? All right, if there's nobody else to speak on this item, I'm going to close the public hearing. Is there any other questions or comments from my colleagues?

Mr. Bongero: Mr. Chair, just a comment on that. I think if anybody ever wanted to try to create access, it'd be so cost prohibitive they'd have to probably pave it and put storm sewers in, so I don't...it's never gonna happen, but never say never, but I don't think it'd ever be financially wise to even think about it.

Mr. Wilshaw: All right, okay, appreciate that comment. Mr. Bongero, if there's nothing else, I'm going to go to my colleagues for a motion. A motion is in order.

On a motion by Long, seconded by Bongero, and unanimously adopted, it was

#05-31-2026 **RESOLVED**, That pursuant to a Public Hearing having been held by the City Planning Commission on March 24, 2026, on Petition 2026-04-02-12 submitted by Second Showing LLC, requesting waiver use approval pursuant to Sections 3.11 and 6.53 of the Livonia Zoning Ordinance to operate a consignment furniture establishment at 20412 Farmington Road, located on the east side of Farmington Road between Eight Mile Road and Norfolk Street in the Northwest $\frac{1}{4}$ of Section 3, the Planning Commission does hereby recommend to the City Council that Petition 2026-04-02-12 be approved subject to the following conditions:

1. No overnight outdoor storage shall be permitted.
2. There shall be no outdoor sales, storage, or display of merchandise; and
3. This waiver approval is limited to this applicant and can only be transferred to another user with approval by the City Council.

FURTHER RESOLVED, That notice of the above hearing was given in accordance with the provisions of Section 13.13 of the Livonia Zoning Ordinance, as amended.

Mr. Wilshaw: Is there any discussion?

May 5, 2026

ITEM 3

Petition 2026-04-02-12 submitted by Second Showing LLC, requesting waiver use approval pursuant to Sections 3.11 and 6.53 of the Livonia Zoning Ordinance to operate a consignment furniture establishment at 20412 Farmington Road, located on the east side of Farmington Road between Eight Mile Road and Norfolk Street in the Northwest ¼ of Section 3.

April 28, 2026, Study Meeting:

The petitioner is requesting approval to operate a consignment furniture business within an existing commercial suite located at 20412 Farmington Road. The petition site measures approximately 0.99 acres in size with 120 feet of frontage along Farmington Road. The commercial building was constructed in 1987 and is 6,105 square feet. The building has been split into three (3) units. Second Showing occupies the center space, which measures approximately 1,550 square feet. The other building tenants include Chiropractic Injury and Health Center to the north and Maxima Salon to the south.

The business has operated for sixteen (16) years and the last two (2) at this location. At their last annual inspection, it was determined that the business would need a waiver to operate as a consignment shop. The business is open from 11:30 am to 3:30 pm Monday through Saturday.

The subject property is zoned C-2 (General Business), which is intended to accommodate a wide range of retail, service, and commercial uses that serve the broader community. However, consignment retail establishments require a waiver use approval in the C-2 (General Business). The property is also zoned P (Parking) and N-2 (Neighborhood).

Surrounding land uses are predominantly commercial in nature, with properties zoned C-2 (General Business) located to the north and south, including the Clean Express Car Wash directly to the south. To the west lies a property zoned C-1 (Local Business), which generally accommodates smaller-scale commercial uses intended to serve nearby residential neighborhoods. To the east is a residentially zoned N-2 (Neighborhood) property.

Access to the subject property is provided via a thirty-foot (30') wide driveway, which appears adequate to accommodate two-way traffic and safe ingress and egress. The site contains three (3) parking areas at the front of the building, totaling twenty-one (21) parking spaces with twenty-five-foot (25') wide drive aisles, as well as a twenty-six-foot (26') wide drive along the side of the building. Additionally, two (2) parking areas are located at the rear of the building, providing twenty (20) parking spaces with twenty-five-foot (25') wide drive aisles. The internal circulation

PUBLIC HEARING

ITEM 3 Petition 2026-04-02-12 Page 2

pattern appears sufficient to support the anticipated customer traffic associated with the proposed use. The site is currently served by an existing trash enclosure located at the rear of the building.

Pursuant to Section 9.03 of the Zoning Ordinance, second-hand stores are required to provide one (1) parking space for every one hundred fifty (150) square feet of gross floor area. Based on the information provided, the site includes a total of forty-one (41) parking spaces, which satisfies the minimum parking requirement for the proposed use.

Any modifications to the site, including signage or minor exterior changes, should be reviewed for compliance with applicable sections of the Ordinance. Subject to compliance with all applicable Ordinance requirements, including the prohibition of outdoor storage and display, the request for waiver use approval may be considered supportable.

May 5, 2026, Public Hearing:

Approving Resolution: The request for a waiver use to operate a consignment furniture establishment at 20412 Farmington Road, is hereby approved for the following reasons, subject to City Council approval and the following conditions:

1. No overnight outdoor storage shall be permitted.
2. There shall be no outdoor sales, storage, or display of merchandise; and
3. This waiver approval is limited to this applicant and can only be transferred to another user with approval by the City Council.

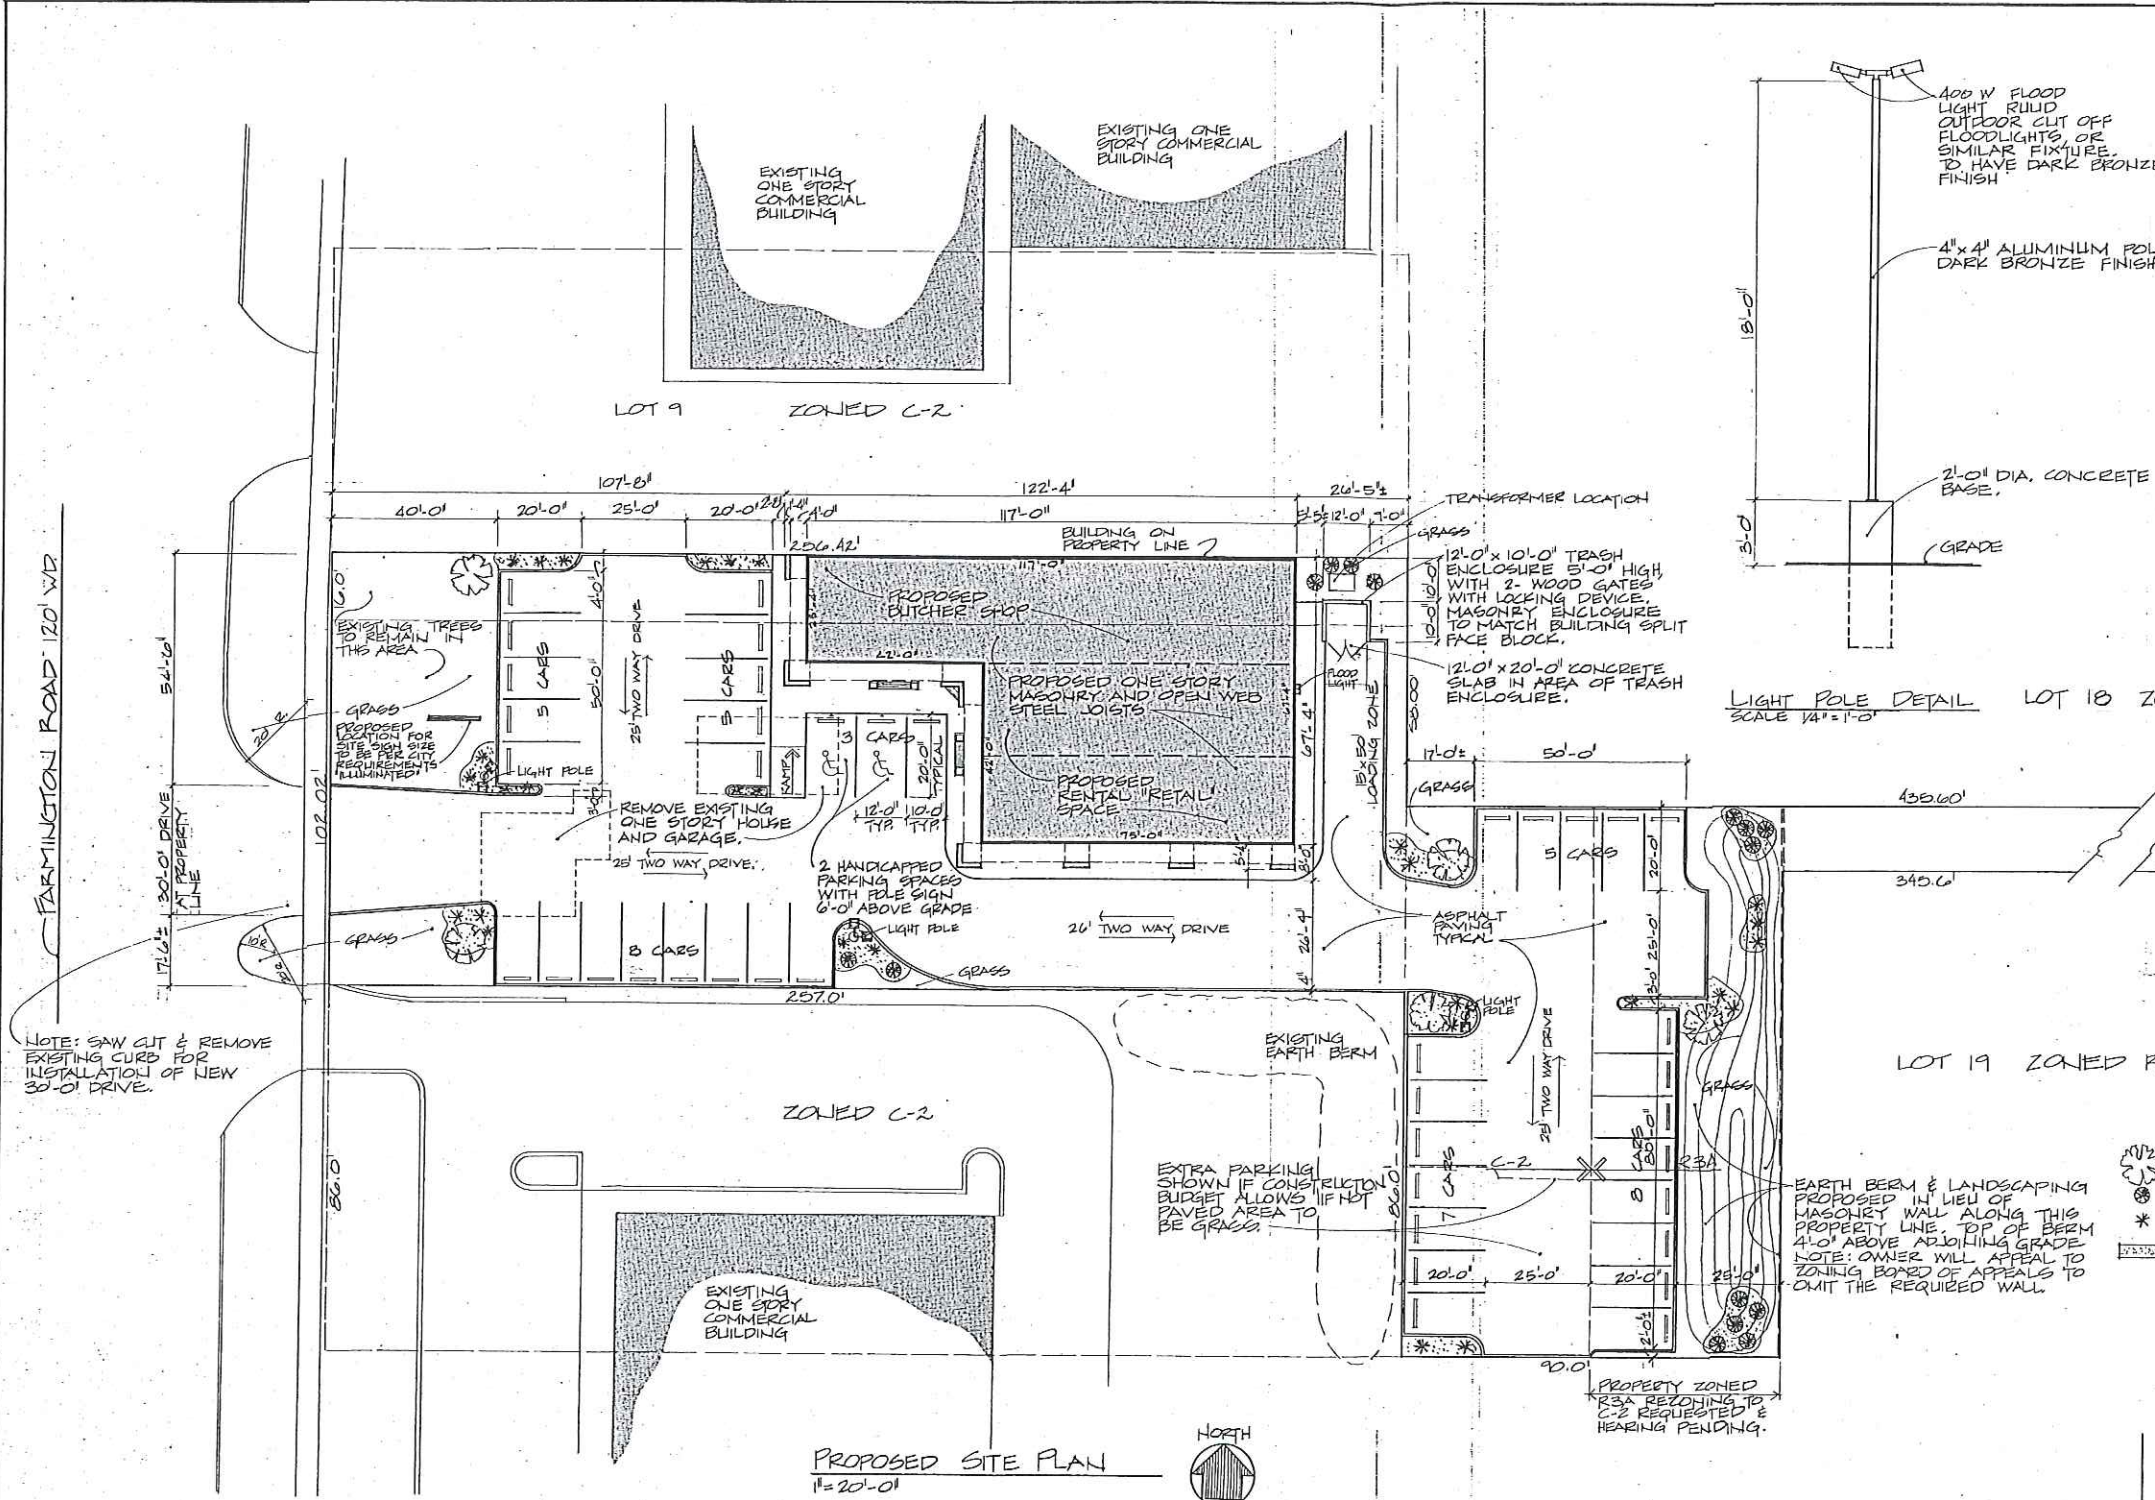

Denying Resolution: The request for a waiver use to operate a consignment furniture establishment at 20412 Farmington Road, is hereby denied for the following reasons:

1. The petitioner has not demonstrated unique site conditions or practical difficulties that would justify deviation from the ordinance standards applicable to similarly situated properties within the C-2 (General Business) zoning district.
2. That the proposal is contrary to the goals and objectives of the Zoning Ordinance which, among other things, are intended to ensure suitability and appropriateness of uses.

Subject: Second Showing Consignment

Jacob,
Hoping you are able to share this with the board members.

City of Livonia,

We at Second Showing Consignment have submitted all of our paperwork and the fee in order to be approved by the zoning commission.

My husband and I are in our 70's and still enjoy working at our consignment furniture store in Livonia. We keep our hours of operation between 11:30 and 3:30 Monday through Saturday. It has been brought to our attention that the meetings in order to obtain our permit are held in the evening. This creates a problem for us since we do not drive at night.

In lieu of attending these meetings, we would like to share what Second Showing Consignment is about. We established our store in Farmington Hills over sixteen years ago. We moved to our current location in Livonia over two years ago. We showcase fine furnishings, decorative accessories, art and unique one of a kind pieces. Our success is based off of our vast knowledge within the business. We consign and sell upscale goods and offer them to our smart savvy shoppers, many of them who have been with us for sixteen years. We take pride in our commitment to provide personal service. Every item that we sell is located inside of our store, we never have 'sidewalk sales." Our policy is a 50/50 split between consignors and the store.

We welcome the board members to come visit our store at 20412 Farmington Road, Livonia 48152.

Thank you,

Wendy Birnberg, owner

Re: Petition 2026-04-02-12 – #20412 Farmington Road (Second Showing, LLC)

Dear Mr. Canty:

In accordance with your request, the Engineering Division has reviewed the above referenced petition. We have no objections to the proposed waiver use at this time, but would like to note the following items:

1. The subject parcel is assigned the address range of #20410 - #20414 Farmington Road, with the address of #20412 Farmington Road being assigned to the overall parcel.
2. The existing parcel is currently serviced by public sanitary sewer and water main, as well as private storm sewer. There is no mention of utility revisions with the proposal, so we do not believe there will be any adverse effects on the existing systems.
3. Should revisions to the utility services to the building, or any work within the Farmington Mile Road right-of-way be required, the owner will need to submit drawings to this Department and/or Wayne County for permitting.

Should you have any additional questions on this matter, please feel free to contact myself at (734) 466-2608 or the City Engineer, Mr. Todd Zilincik at (734) 466-2561. If you would prefer, you can e-mail either of us at dlear@livonia.gov or tzilincik@livonia.gov.

This office has reviewed the site plan submitted in connection with a request to modify a commercial building on the property located at the above referenced address.

We have no objections to this proposal.

Once official permits are obtained and plans submitted, this division will further review code for the possibility for the need of a suppression system due to the type of use for this occupancy and fire load.

A further detailed plan review will take place when this division receives an official plan set.

Petition 2026-04-02-12 — Objection to Shadyside Street Access — 20412 Farmington Road

From Dave Evangelista <devangelista317@gmail.com>

Date Tue 5/5/2026 10:20 AM

To Planning <Planning@Livonia.gov>

Dear City Planning Commission,

I am a Livonia resident writing to submit a formal objection to be entered on the record for Petition 2026-04-02-12 (Second Showing LLC, 20412 Farmington Road), to be heard at the public hearing on May 5, 2026.

To be clear, I am not opposing the proposed consignment furniture establishment itself. My objection is narrowly limited to one issue: the site as drawn appears to extend toward Shadyside Street, and the petition does not explicitly state how vehicular access to the property will be controlled.

Shadyside Street is a residential minor street under the Livonia Zoning Ordinance, intended primarily to serve abutting residential properties. Routing any commercial traffic — including delivery vehicles, customer pickups of furniture, employee access, or service vehicles — through Shadyside is incompatible with its function as a residential street, and inconsistent with the access management standards that apply throughout the C-2 General Business District (Section 3.11) and the use standards for second-hand stores under Section 6.53. Commercial access to this property should be exclusively from Farmington Road, the adjacent major thoroughfare.

Beyond the ordinance, Shadyside is a street where residents and children walk, ride bikes, and play. Introducing regular commercial vehicle traffic onto a residential street that has no commercial buffer or traffic controls designed for that purpose creates a foreseeable safety hazard. This is precisely the type of incompatibility the waiver use review process is designed to identify and prevent.

I respectfully request that the Commission condition any approval of this waiver on the following:

1. All vehicular access to and from the property — including customer, delivery, employee, and service vehicle traffic — shall be exclusively from Farmington Road.
2. No driveway, curb cut, or access point of any kind shall be constructed connecting the property to Shadyside Street.
3. These restrictions shall be recorded as enforceable conditions of the waiver use approval.

I plan to attend the May 5 hearing and would appreciate written confirmation that this objection has been entered into the record.

Thank you for your consideration.

Respectfully,

David Evangelista

RE: Appointment of Magistrate Timothy J. Klisz as a substitute Magistrate for the 16th District Court

Honorable Members of Council:

Enclosed you will find a copy of the proposed Administrative Order No. 3035 appointing Timothy J. Klisz as a substitute Magistrate of the 16th District Court. This Administrative Order has been entered pursuant to Public Act 16 of the Public Acts of 1976, which is M.C.L.A. Section 600.8501(2). Under the provision of this statute, the appointment of a magistrate is subject to approval of the governing body of the district court unit, which, of course, is in our case the City of Livonia.

Enclosed is Mr. Klisz' resume for your review.

Should you have any questions, do not hesitate to call.

Respectfully submitted,

Dear Council Members:

I would like to request my sidewalk assessment be billed in three installments, transferred to my winter tax bill beginning with 2026 and the next two consecutive winter tax bills.

Amount \$1658.80. Installment amount \$552.93 + applicable interest (see box below)

Reason: BECAME ILL, ON SOCIAL SECURITY.
NOT WORKING

Dear Council Members:

I would like to request my sidewalk assessment be billed in three installments, transferred to my winter tax bill beginning with 2026 and the next two consecutive winter tax bills.

Amount \$904.20. Installment amount \$301.40 + applicable interest (see box be

Reason: Since we are a corner lot, there were several
areas that needed repair. Due to health issues, I am
currently unemployed and am unable to pay the
entire \$904.20 in full at this time.

AGENDA ITEM

REQUEST TO ADOPT A RESOLUTION PLACING SPECIAL ASSESSMENTS UPON REFERENCED PROPERTIES WHOSE OWNERS HAVE NOT PAID CHARGES: in connection with the 2025 Sidewalk Program, Contract 25-G, Single lot assessments. (CR 74-24)

BACKGROUND DETAILS

Please be informed that in accordance with the provisions of Section 308.150 of Title 3, Chapter 8, of the Livonia Code of Ordinances, the property owners in the above captioned 2025 Sidewalk Program were notified by letter (dated 04/01/26) of the charges for their prospective properties.

PREFERRED COUNCIL RECOMMENDATION/RESOLUTION (Please complete this field. Attachments are not to be used in lieu of the recommendation)

In order that a council resolution may be adopted at your meeting of June 15, 2026, we are enclosing a list representing unpaid items to determine that an assessment shall be placed on these properties.

Dear Council Members:

I would like to request my sidewalk assessment be billed in three installments, transferred to my winter tax bill beginning with 2026 and the next two consecutive winter tax bills.

Amount \$3019.50. Installment amount \$1006.50 + applicable interest (see box below)

Reason: We purchased our home in 2023 and have invested significant money into necessary updates & repairs. The sidewalk damage existed long before we moved in and appears to be from many years prior. Paying the full sidewalk assessment in one lump sum would create a financial hardship for our family between property taxes, mortgage, childcare, and basic financial commitments

**APPLICATION FOR INSTALLMENT PAYMENTS
ON SIDEWALK ASSESSMENT**

This application must be received by the Treasurer's Office no later than May 29, 2026.

Any requests received after this date **WILL NOT** be approved.

Honorable Members of the Council
c/o City of Livonia Treasurer's Office
33000 Civic Center Drive
Livonia, MI 48154

Dear Council Members:

I would like to request my sidewalk assessment be billed in three installments, transferred to my winter tax bill beginning with 2026 and the next two consecutive winter tax bills.

Amount \$970.20. Installment amount \$323.40 + applicable interest (see box be

Reason: This was my parents house, they have passed away & I have the house now. With all the other expenses I don't know about this one. If it can be added to the winter tax that would be a big help

Thank you

Yours truly,

City Council may authorize these installments. The current policy is to approve installments over a 3 year period plus an annual rate of interest to be determined by Council. Installments can be requested by letter or appearing at the meeting. If the above policy is still a hardship, a homeowner may request a longer installment period and it is recommended that they appear in person at the meeting to explain their circumstances.

**CITY OF LIVONIA – CITY COUNCIL
MINUTES OF STUDY MEETING HELD JUNE 1, 2026**

Meeting was called to order at 9:27 p.m. by President Reid. Present: Martha Ptashnik, Vice President Brockway, Brandon McCullough, Eileen McDonnell, Robin Persiconi, and President Reid. Absent: Carrie Budzinski.

Elected and appointed officials present: Eric Goldstein, City Attorney; Mark Taormina, Planning and Economic Development Director; and Todd Zilincik, City Engineer.

Councilmember Ptashnik led the meeting with the Pledge of Allegiance.

10. AWARD OF BID: for custodial supplies, from budgeted funds.

Zach Haapala, Assistant Public Works Director, requested award of bid to Cintas for custodial supplies, an audit was completed verifying the cost efficiency of products, and Cintas can distribute products at wholesale price the City cannot obtain.

The following residents spoke regarding Item 9: Steve King.

Motion was made by Councilmember McCullough to put the matter on the Consent portion of the next Regular Agenda.

**CITY OF LIVONIA – CITY COUNCIL
MINUTES OF STUDY MEETING HELD JUNE 1, 2026**

Meeting was called to order at 9:27 p.m. by President Reid. Present: Martha Ptashnik, Vice President Brockway, Brandon McCullough, Eileen McDonnell, Robin Persiconi, and President Reid. Absent: Carrie Budzinski.

Elected and appointed officials present: Eric Goldstein, City Attorney; Mark Taormina, Planning and Economic Development Director; and Todd Zilincik, City Engineer.

Councilmember Ptashnik led the meeting with the Pledge of Allegiance.

11. REQUEST TO AUTHORIZE APPROPRIATION AND EXPENDITURE: for removal and installation of streetlights for the Idyl Wyld Golf Course west parking lot at 35786 Five Mile Road.

Todd Zilincik, City Engineer, stated DTE offered great pricing to install multiple lights as they had done previously in the Senior Center parking lot and they would do replacements in case any are damaged again in the future.

Motion was made by Councilmember Ptashnik to put the matter on the Consent portion of the next Regular Agenda.

AGENDA ITEM

REQUEST TO AUTHORIZE APPROPRIATION AND EXPENDITURE: for removal and installation of streetlights for the Idyl Wyld Golf Course west parking lot at 35786 Five Mile Road.

BACKGROUND DETAILS

DPW Building Maintenance was pursuing the repair of a light pole that had 2 lights at the top and a damaged concrete base that was hit by a vehicle in the Idyl Wyld parking lot located at 35786 Five Mile Road. A quote was received by Great Lakes Power & Lighting, Inc. for \$11,359.34 to remove and replace the damaged concrete base and all work associated with replacement. The Engineering Division determined a better course of action was to obtain a quote from DTE Street Lighting Group to have all 11 lights replaced, for them to maintain in perpetuity, and to enter into an agreement with DTE to acquire and replace three (3) double-headed and five (5) single lights in the West parking lot with new poles, bases and LED lighting. Recently, the new Senior Wellness Center had 32 streetlights installed on the east side of the new building in the parking lot.

The City's cost for this project is \$26,889.00 and includes the removal of existing material, installation of new steel posts, concrete bases and LED fixtures. The equipment to be installed includes eleven (11) 138w LED Leotek fixtures on eight (8) Code 41 posts on high-band concrete foundations, fed via underground conductors. The City's estimated total cost for each light is approximately \$2,445 and the annual electrical lamp charges are \$4,207.00 or approximately \$382.45 per light.

In order to proceed, it is respectfully recommended that the Council take the following actions:

- Authorize an appropriation and expenditure of \$26,889.00 from Capital Outlay (Account No. 401-000-971-000).
- Authorize the Mayor and the City Clerk to execute the agreement with the Detroit Edison Company (DTE).
- Authorize the City Engineer to approve minor changes as needed.

Exhibit A to Master Agreement

Purchase Agreement

This Purchase Agreement (this "Agreement") is dated as of May 8, 2026 between DTE Electric Company ("Company") and City of Livonia ("Customer").

This Agreement is a "Purchase Agreement" as referenced in the Master Agreement for Municipal Street Lighting dated September 7, 2021 (the "Master Agreement") between Company and Customer. All of the terms of the Master Agreement are incorporated herein by reference. In the event of an inconsistency between this Agreement and the Master Agreement, the terms of this Agreement shall control.

Customer requests Company to furnish, install, operate and maintain street lighting equipment as set forth below:

1. DTE Work Order Number:	TBD	
	If this is a conversion or replacement, indicate the Work Order Number for current installed equipment: NA	
2. Location where Equipment will be installed:	35786 Five Mile Road – Idyl Wyld Parking Lot, as more fully described on the map attached hereto as <u>Attachment 1</u> .	
3. Total number of lights to be installed:	11	
4. Description of Equipment to be installed (the " <u>Equipment</u> "):	(11) 138w LED Leotek fixture on (8) Code 41 post on a high-band concrete foundations, fed via underground conductors

<p>11. Customer Address for Notices:</p>	<p>12973 Farmington Road Livonia, MI 48150 Todd Zilincik</p>

12. Special Order Material Terms:

All or a portion of the Equipment consists of special order material: (check one) YES NO

If "Yes" is checked, Customer and Company agree to the following additional terms.

A. Customer acknowledges that all or a portion of the Equipment is special order materials ("SOM") and not Company's standard stock. Customer will purchase and stock replacement SOM and spare parts as provided in Section B below. When replacement equipment or spare parts are installed from Customer's inventory, Company will credit Customer in the amount of the then-current material cost of Company standard street lighting equipment in lieu of which the SOM is being used.

B. Customer will maintain an inventory of at least ___ posts and ___ luminaires and any other materials agreed to by Company and Customer, and will replenish the stock by ordering materials no later than thirty (30) calendar days after the materials are drawn from inventory. Costs of initial inventory are included in this Agreement. If Customer fails to maintain the required inventory, Company, after 30 days' notice to Customer, may (but is not required to) order replacement SOM and Customer will reimburse Company for its costs (including the labor costs associated with Company's management of the supply chain for the SOM) no later than thirty (30) calendar days after receipt of Company's invoice for such costs. Customer's acknowledges that failure to maintain required inventory could result in extended outages due to SOM lead times.

C. The inventory will be stored at N/A. Access to Customer's inventory site must be provided between the hours of 9:00 am to 4:00 pm, Monday through Friday with the exceptions of federal Holidays. If Company is unable to access the site during such hours for any reason, Company (i) shall be relieved from any obligation or commitment to complete the work as scheduled, and (ii) may, at its option, procure the inventory itself and have Customer to reimburse Company's costs for doing so. Customer shall name an authorized representative to contact regarding inventory: levels, access, usage, transactions, and provide the following contact information to Company:

Name: _____ Title: _____

Phone Number: _____ Email: _____

Customer will immediately notify Company of any changes in the Authorized Customer Representative. Customer must comply with SOM manufacturer's recommended inventory storage guidelines and practices. Damaged SOM will not be installed by Company.

D. In the event that SOM is damaged by a third party, Company may (but is not required to) pursue a damage claim against such third party for all of Company's costs incurred because of the claim, including all labor and replacement materials. Company will notify Customer as to whether Company will pursue such claim within a reasonable time of the SOM being damaged.

E. In the event that SOM becomes obsolete, discontinued, or incompatible with Company's infrastructure, Customer shall select new alternate SOM that is compatible with Company's then-existing infrastructure. If Customer does not select compatible alternate SOM, Company reserves the right to select compatible SOM that is, in its reasonable judgment, substantially similar, or replace the SOM with standard materials, in either case being entitled to reimbursement from Customer for Company's costs in providing such transition of supply (including internal overhead and labor costs).

F. Should Customer experience, in Company's reasonable judgment, excessive LED equipment failures that are not supported by LED manufacturer warranties, Company will replace the LED equipment with other Company supported Solid State or High Intensity Discharge luminaires at Company's discretion. The full cost to complete these replacements to standard street lighting equipment will be the responsibility of Customer.

Company and Customer have executed this Purchase Agreement as of the date first written above.

1. The subject matter of urban environmental concerns. (CR 42-20)

The Committee meeting commenced at 7:00PM and discussion was led by Eileen McDonnell, Committee Chair.

Several audience members asked questions regarding their environmental concerns.

A discussion took place regarding Racer Trust and the Ford Motor Transmission plant's environmental issues.

Councilmember Budzinski offered to have the Law Department draft resolutions for the subject matter of both Racer Trust and Ford Motor Company to go to the Senior Citizens, Families and Environment Committee.

Councilmember McCullough asked City Attorney, Eric Goldstein for updates on resolutions requested by Council.

The Committee recommends:

- For the Law Department to draft a resolution putting the subject matter of RACER Trust in the Senior Citizens, Families and Environment Committee.
- For the Law Department to draft a resolution putting the subject matter of Ford Transmission Plant in the Senior Citizens, Families and Environment Committee.

Note: This item will remain in Committee.

This item is to be placed on the **Regular Meeting Agenda of June 15, 2026**

2. The subject matter of senior citizen needs and construction of the new Newburgh Senior Housing. (CR 38-25)

A discussion was led by Eileen McDonnell, Committee Chair, regarding the above-mentioned subject matter.

Madison Bjertness, Housing Director gave an update regarding Golden Oaks Housing, noting the following information:

- Cost of project is approximately \$27M, funded through State and Federal Funds
- Approximately 100 units
- Currently in financing and design phase; one year to complete
- Construction phase; two years to complete totaling three years for project completion
- Residents at Newburgh Village have been notified of the project and timeline

A resident commented that residents of Silver Village and Newburgh Village do not have trash carts and leave trash out for pickup in bags on the curb, suggesting a shared bin for residents.

More affordable housing was discussed, with \$27M needed to fund the Golden Oaks project.

Councilmember McCullough asked about the status of the funding for the project.

Councilmember McCullough asked about funding overages and options for contingency funding. Director Bjertness indicated if funding was needed, they could apply for it using various sources.

Councilmember Budzinski explained the Housing Department is a unique and separate entity and not directly part of the city. She asked the City Attorney for an explanation on how the Housing Commission is managed.

Eric Goldstein, City Attorney, further clarified the specifics laid out by the statute of the State of Michigan regarding the Housing Program and Housing Commission. Also stating the Housing Department is not required to go through Council for spending funds.

President Brockway asked about contact information for resident questions. Madison stated they could call 734-421-6450, extension 4, 8a-4:30p.

Councilmember McDonnell asked about the Golden Oaks property needing tree removal clean up. Madison indicated there are no plans currently, but she will look into it.

Residents shared examples of the following:

- Detriment to the residents by taking down the trees
- The property was left a mess by the contractor
- Poor treatment of the residents at Newburgh Village
- Inability to attend Housing Commission meetings
- Difficulty in finding the agendas
- No oversight on Housing Commission

A question was asked regarding financial oversight of the Housing Commission, suggesting an update to the Charter. Attorney Goldstein suggested there is oversight on spending from the various programs and funding sources.

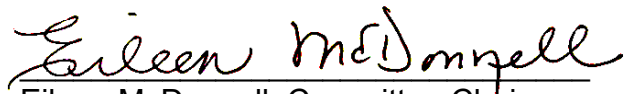

Councilmember McCullough requested the Housing Commission be more transparent with their spending, if their bylaws have been updated and if the financials were audited. Councilmember McDonnell would like updates from Housing Commissioners so that Council knows what is going on to better answer questions of the residents.

Councilmember Budzinski felt the HUD auditing is very stringent. Madison stated most of their programs follow the city's procurement policy, which is approved by the Housing Commission, rather than City Council.

The meeting adjourned at 6:52PM.

Note: This item will remain in Committee.

This item is to be placed on the **Regular Meeting Agenda of June 15, 2026.**

John Grzebik, Greenleaf Commission
Michael Shesterkin, Greenleaf Commission
Sam Caramango, GFL General Manager

MEETING CONVENED: 7:02PM

1. **CR 42-20** Subject matter of urban environmental concerns.

Discussion was led by Council Chair Laura Toy regarding waste management. Sam Caramagno, GFL General Manager stated they offer larger carts to accommodate customers and the complaints have been pretty low.

Sam discussed the fuel toll on their trucks. He stated there is 20% or less of recyclables that go into the trash. The recycling goes to New Boston. He indicated that cardboard and paper are good, but plastics vary.

There have been staffing challenges as well as challenges in getting CDL drivers.

Sam offered to provide a tour of the plant to Council.

The Committee recommends:

Councilmember Scott Morgan offered to leave this item in Committee.

Note: This item will remain in Committee for future updates

This item is to be placed on the **Regular Meeting Agenda of August 22, 2022**

The meeting was adjourned at 8:07 PM

2. CR 23-21 Subject matter of sustainability in the City.
--

Discussion was led by Council Chair Laura Toy, along with the Greenleaf Commission. There is a need for education on the Tree & Solid Waste Recycling Infrastructure. The Commission recommends recycling solid waste in 65- or 95-gallon containers.

A discussion was held regarding robotic trucks and door to door service for disabled residents, similar to Novi.

A discussion took place regarding recycling bins for yard waste, hazardous waste and organic compost.

It was noted there are recycling grants for larger bins and there should be more community outreach on recycling of solid waste, possibly a phone app and guidelines for recycling.

Councilmember Kathleen McIntyre would like to get information from the Sustainability Committee, while the Chamber could identify with businesses.

Electronic Vehicles (EV) were discussed. Numbers were low last September, another discussion will take place again in October, which will be updated on the City website. EV in Canton, Westland and Northville have vendors for charging stations and offer rebates on fees. E-bikes were also discussed and are very mobile.

Climate change was noted to have seven (7) recommendations in September 2020; high level of greenhouses, temperature changes from 1950-2010 show a 1-degree seasonal increase.

The Committee recommends:

1. Recommendation for Administration to look at an ordinance on e-bikes following the State Law.

Note: This item will remain in Committee for future updates.

This item is to be placed on the Regular Meeting Agenda of August 22, 2022

The meeting was adjourned at 8:07PM.

Respectfully submitted,

Laura M. Toy, Chair

See attached attendee report.

The meeting convened at 7:10 p.m.

1. CR 42-20 Subject matter of urban environment concerns.

The meeting was led by Committee Chair, Laura Toy. Beginning discussion took place regarding the EGLE Recycling Partnership Cart Grant. Getting an early start could provide 20% of the grant to use towards recycling, which would need to be completed and submitted by the deadline of August 18, 2021.

Suggestions of grant uses were made:

- Roads and pathways in the Fall of 2022
- Use 64-gallon bins, which are partially made of recycled materials

Councilmember Brandon McCullough mentioned an Innovation grant offered by NextCycle Michigan that could be used toward creating pathways made of recycled materials. He offered a resolution to complete and submit both of the recycling grant applications.

Comments were made that people are ready to move on. The 2015 contract with the recycling company expires in 2 (two) years and we need a process for now and in 2 (two) years from now. Historical data will show where we are and what we need to move forward.

An education session was suggested as an important tool to inform residents of how to properly recycle.

Large discussion took place regarding the repurposing of trees. Money could be available from the State to assist.

The Tree Committee will be discussing a tree ordinance to include tree credits and landmark trees.

The Committee recommends:

- A resolution for the Community Resources and Communications Department along with the Director of Governmental Affairs to complete and submit both recycling grant applications prior to their deadlines.
- Receiving updates regarding environmental concerns as needed.

Note: This item will remain in committee for further discussions

This item is to be placed on the **Regular Meeting Agenda of July 26, 2021**

2. CR 111-18 Subject matter of measures to retain employees within the Police and Fire Divisions of the Department of Public Safety.

Acting Police Chief, Tom Goralski began the discussion, stating that the police force is down by 31 (thirty-one) officers, in addition to the lack of dispatchers and others due to problems with the media along with unemployment assistance that was provided due to COVID.

The budget goal is 189 employees for a full department. The Defined Benefit Plan could supply a larger pool of people for recruitment. On August 1st, they will begin an experiment of using 12-hour shifts.

He is hopeful for more employees by September and is aggressively trying to recruit hire and retain officers. It was noted that 1:7 tend have a background in the military.

The State Police provides an 18-week academy while Livonia provides a 10-week academy for Certified Officers with lateral pay.

Fire Chief Heavener explained that the Fire Department has experienced different challenges. During exit interviews, the employees were going to other Fire Departments with a Defined Benefit Plan. Now that the Defined Benefit Plan is back for the Livonia Fire Department, it has helped, but they are still down by eight (8) employees. Fully staffed should be 82 employees. The applicant pools aren't the same. They are using lateral pay as an initiative for applicants, which offers five (5) steps of pay.

He has a partnership with Schoolcraft College that provides a dual enrollment program. Livonia and Clarenceville students that are 18 years of age can receive 20 (twenty) college credit hours.

Note: This item will remain in committee for further discussions

This item is to be placed on the **Regular Meeting Agenda of July 26, 2021**

The meeting was adjourned at 8:53 p.m.

2. CR 42-20 Subject matter of urban environment concerns to the Public Safety, Health and Environment Committee.

Elizabeth Garver, Environmental Quality Specialist, led the discussion presenting the EGLE Recycling Program, economic and environmental benefits in Michigan and NextCycle, MI.

Local program opportunities were also discussed:

- Expanding the recycling infrastructure to 45% in Michigan could provide 138,000 jobs, \$9 billion in labor income and \$33B in economic output.
- Utilizing 2019-2020 Market Development and Infrastructure Grants to fund recycle projects, which consists of \$1M for the public, \$3M for private with a required 20% match of the project total. The due date of application is August 18, 2021.
- Forming partnerships with other cities to help finance recycling activities.
- Designate a drop-off station.
- Initiate online recycling partnerships.
- Provide online information to educate residents on how, where, and why to recycle.
- Utilize grow markets for recycled materials.
- Host a demonstration session to educate residents on recycling.
- Zerocycle: Look for money to apply towards pathways and trails.
- Recycling Racoons: Program to help Michigan residents learn how to recycle more efficiently

The meeting convened at 7:02 p.m.

1. CR 23-21 Subject matter of sustainability in the City at an upcoming Public Safety, Health and Environment Committee meeting.

A brief history and update was provided regarding the environment and various initiatives by the Greenleaf Commission.

- They have worked with Next Door, a free neighborhood network that has grown substantially.
- They have branched into Next Door for Public Agencies, which allows the City to connect directly into Next Door neighborhood network to communicate directly with residents, allowing their voices to be heard by the City.

Discussion took place regarding the environment with a focus on recycling. Different programs are in place in the City:

- Large, curbside orange bins
- Simple Recycling for textiles and small household items to divert textiles away from landfills to be recycled into other materials.
- Tree City Committee identified native Michigan trees and why they are necessary for the ecosystem.
- Bluestem Energy and DTE was consulted to learn how to develop a renewable energy plan, learning about solar farms and the MI-Power Michigan program
- As climate changes in the City became a concern, 12 sustainability goals have been identified to focus on from the Livonia Vision Master Plan.
- QCI, LLC in Ann Arbor was visited to learn about their ideas for future recycling.
- Newsletters and social media provide Commission updates and events and awards.
- Various Greenleaf Awards have been provided to companies in the City for their green efforts.
- Livonia has been recognized by companies outside of the city for their recycling efforts.
- Plans are being made to conduct a Livonia Sustainability Town Hall and a Climate Change Survey with Livonia Residents in April
- Reviewing plans for an Electric Vehicle Event
- Recycling packets are provided to new residents.

Suggestions were made to host an energy efficiency home workshop to include different business to give tips on energy conservation.

Questions were asked if Lawrence Tech might be able to assist with electric vehicles and the idea of e-bikes was suggested.

The Committee recommends:

Receiving updates from Greenleaf Commission on Sustainability as needed.

Note: This item will remain in committee for further discussions

This item is to be placed on the **Regular Meeting Agenda of March 22, 2021**

2. CR 42-20 Subject matter of urban environment concerns to the Public Safety, Health and Environment Committee.

Discussion took place regarding forestry concerns in the City. Ideas were presented to repurpose wood and to use urban wood waste and mill. This would include assistance from adult residents and students, which could expose them to careers in natural resources and forestry.

Climate change has shifted the use of materials. More wood has been incorporated in to building structures as a substitute for more carbon intensive materials.

Michigan State has a forestry program to involve students in the process of using cross-laminated timber panels and the use sustainable waste.

Discussion on the City's weekly recycle program took place and a suggestion was made to remind and educate residents of what can and cannot be recycled.

An invitation was given to tour the STEM Teaching and Learning Facility at Michigan State University.

The Committee recommends:

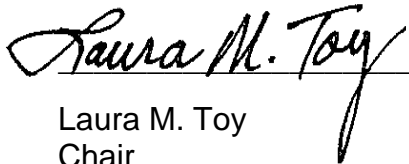

Receiving updates regarding environmental concerns as needed.

Note: This item will remain in committee for further discussions

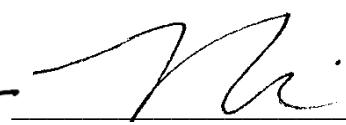

This item is to be placed on the **Regular Meeting Agenda of March 22, 2021**

ADDITIONAL ATTENDEES: See attached list

TIME MEETING CONVENED: 7:03pm

1. Subject matter of transportation issues for seniors, families, and other community residents (CR 34-23).

A discussion regarding the subject matter was led by Committee Chair Laura Toy and shall remain in committee for further discussion.

New Liv&Go manager Dennis McKinney presented on the status of Liv&Go, Livonia's transit program. There is currently an office manager, two dispatchers, 17 drivers (2 trainers) and 19 vehicles (although they often have maintenance needs that are outsourced due to the fact there is no in-house mechanic).

Liv&Go offers services to individuals in Livonia from 7am to 6:30pm, Monday through Friday. Appointments can be made through the app (booking up to 2 weeks in advance) or by calling Liv&Go. The app gives real-time updates on rides and offers a payment system.

Ridership continues to grow with Liv&Go and functioning to meet the needs of those who have depended on the service.

Jacob Uhazie presented a mobility study that offered a road map for a phased transit approach to be implemented as needed and when funding is available. *

1. Institute of VIA app - complete
2. Plymouth Road micro transit system to serve approximately 17k with a 3-minivan service
3. Citywide micro transit like Farmington Hills to serve approximately 30k riders
4. Deviated fixed routes
5. Adding a regional connection

Recommendations also included capital investment for maintenance and right sizing the fleet), marking and branding, service improvements to optimize routes, increase in staffing and funding.

*This study was done prior to state changes that would open Livonia up to a regional transit program through a Wayne County millage. This is expected to be a future ballot initiative and could cost Livonia \$5-5.5M. The Administration has been told it will have a seat at the table when Wayne County goes through this process. It has also reached out to Wayne County Executive's office and Regional Transit Authority to demonstrate transit lessons/successes in Livonia through Liv&Go. The Administration also hopes to demonstrate that transit includes bike/walkability and would like funding generated through a millage used in Livonia to fund Bike/Walk Livonia and capital needs of Liv&Go.

The Committee recommends:

- For this item to remain in committee.

NOTE: This item will remain in the Committee for further discussion.

This item is to be placed on the **Regular Meeting Agenda of March 31, 2025**

2. Subject matter of Parks and Rec offering classes to children with challenges. (CR 267-23)

The discussion of the subject matter was led by Committee Chair Laura Toy.

Parks and Recreation Director, Ted Davis spoke to the services currently offered by P&R for those with special needs. Livonia AIR hosts 3 to 4 social events per season and Livonia is in partnership with Canton through Wayne County for a program called RISE that offers physical classes.

The Recreation Center is also used as a pick-up site for the Living and Learning Center in Northville and the new Senior Center will have a partnership with Mi Work Matters to operate a coffee shop.

These programs are costly, and Parks and Rec is at capacity for services but continues to make park improvements that accommodate those of all needs.

The Committee recommends:

- For this item to remain in committee.

NOTE: This item will remain in the Committee for further discussion.

This item is to be placed on the **Regular Meeting Agenda of March 31, 2025**

3. Subject matter of senior citizen needs and construction of the new Newburgh Senior Housing. (CR 38-25)

Madison Bjertness gave an introduction as the new Housing Director.

Newburgh Village 2 (tentatively called that but will have a new name) is a 9.5-acre property the city secured years ago and will now develop into affordable 2-bedroom ranch style units. The project is in the early stages and a bond request is in the notice of intent stage.

The utilities for this project are on the correct side of the road and Newburgh is a city road, thus minimizing future challenges. The Fire Department owns a portion of adjacent property that it is willing to work with the Housing Commission for in exchange for a pole barn facility for storage.

This new property will operate the same as Silver and Newburgh Village. It will be self-funded and not a liability to the city.

The Committee recommends:

- For this item to remain in committee.

NOTE: This item will remain in the Committee for further discussion.

This item is to be placed on the **Regular Meeting Agenda of March 31, 2025**

The meeting adjourned at 8:58pm.

Patrick Brockway, Vice Chair
Eileen McDonnell, Member

Committee Members Absent: None

City Officials Present: Kayleigh Reid, Council President
Robin Persiconi, Councilmember
Eric Goldstein, City Attorney
Mark Taormina, Planning and Economic Dev. Director
Aarica Smith, Director of Government Affairs

Additional attendees: See the attached list.

1. The subject matter of data centers and attendant zoning related issues. (CR 02-26)

The Committee meeting commenced at 7:01 PM and discussion was led by Carrie Budzinski, Committee Chair.

Committee Chair Budzinski provided a summary of the February 25, 2026, Economic Development and Strategic Planning Committee highlighting notes from Naz Cimsit's presentation:

- In 2024, 4% of energy was used by data center; In 2025 it has increased to 12%
- Data Centers use the amount of electricity of 2,000 households daily and have shown to cause water contamination and drought. Noise pollution is also a threat that can be disruptive and result in hearing loss.
- Cimsit spoke with Dr. Patrick Brody at the University of Dublin and in Ireland there have been increased energy costs for citizens and even blackouts
- German Energy Efficiency Act is a notable model for Livonia and calls for all data centers to have closed loop heat and water systems, frequent energy audits and public reporting on energy use.

Budzinski also read the email from Chamber President Dan West directing interested residents to the packet for the referenced article.

City Attorney Eric Goldstein shared information based on looking into moratoriums and shared proposed ordinance language Council could adopt to clearly define and outline rationale and use (proposed Section 13.16 - Moratoria - attached).

He shared concerns that moratoriums not clearly defined have not held up in court and open the city to lawsuits that would result in costs to city and likely building of a data center. He further explained that moratoriums need to be put in place to evaluate the threat to health, safety and wellness of the public and not to 'buy time' to develop ordinances.

With that in mind, in addition to establishing a zoning ordinance for moratorium language; he also suggested updating current zoning laws to make data centers a special use. He proposed working with Naz Cimsit and Mark Taormina to determine best language. Currently data centers are a permitted use in industrial and commercial areas. It's important to note that data centers currently operate in Livonia as servers and tech use by businesses including the city of Livonia and the intention of proposed regulation/ordinance change is not to impact general business use but specific types of centers that are being shown to impact utility usage and sound quality.

Both of these actions would go to Planning Commission for review and public hearing before going to City Council for the same.

Council members asked clarifying questions to ensure action could be taken swiftly to avoid the creation of a data center in the in-between time.

Councilwoman McDonnell put forward motion to move forward on the proposed Section 13.16 - Moratoria language, to be sent directly to Planning Commission

Council Vice President Brockway put forward motion to move forward on making data centers a special land use in the current ordinance This would also be sent to Planning Commission.

Residents spoke noting the failed moratorium in Saline and sharing that closed loop water systems still use a lot of water.

The Committee recommends:

For the Law department to draft the following resolutions:

1. A referral to the Planning Commission to move forward on the proposed Section 13.16 - Moratoria language.
2. A referral to the Planning Commission to make data centers a special land use in the current ordinance.

Note: This item will remain in Committee.

This item is to be placed on the **Regular Meeting Agenda of June 15, 2026**

2. The subject matter of limiting the number of gas stations and car washes in the city.
(CR 04-26)

Discussion on the subject matter of limiting the number of gas stations and car washes in the city began at 7:46pm

Committee Chair Budzinski summaries the outcome of the previous meeting, noting that Council had sought to issue a moratorium on car washes only but with the information provided by City Attorney Goldstein at the prior meeting turned the floor to original motion maker Vice President Brockway.

Brockway asked what alternative actions to limit car washes was available to Council outside of moratoriums.

Goldstein shared that he had prepared to speak on the issue of moratoriums for the meeting, not alternative actions.

City Planning Director Mark Toarmina noted that Livonia has 11 automated car washes, 3 in the pipeline with only 2 likely to be completed.

It was noted that car washes currently require a special waiver use and Councilmembers have discretion on approval/denial as long as they have a reason. Should Councilmembers find a specific item to legislate related to the issue, Planning and Law are prepared to work together to develop language.

A resident spoke on the issue, expressing concerns about the road damage caused by the car wash at Farmington and 8 Mile, while another resident spoke on concerns about the approved car wash at 6 Mile and Fox Drive.

The item remains in committee

The Committee meeting adjourned at 8:05 PM.

Note: This item will remain in Committee.

This item is to be placed on the **Regular Meeting Agenda of June 15, 2026**

Sample ordinance language

Section 13.16 – Moratoria.

- (1) **Establishment.** The purpose of this Section is to establish the means and reasoning for the creation of moratoria pertaining to specific zoning uses within the City of Livonia.
- (2) **Reasons for creating moratoria.** Where the **City Council** of the City of Livonia **finds** that a particular land use type **potentially threatens the public health, safety or welfare** of the Citizens of the City of Livonia, that this potential threat is **not adequately addressed** by current ordinances, and that **further research** is required as to the threats posed to residents and visitors of the City, the City Council may enact a zoning moratorium via ordinance that **temporarily prohibits the acceptance or approval of applications** for any permits, zoning changes, site plan approvals, or Zoning Ordinance related approvals of any kind for new or modified developments related to such use type. The contemplated moratorium **must be constructed to allow the study of the public health, safety, and welfare concerns**, welcome citizen input, involvement and public debate, and permit full consideration of relevant zoning related issues.
- (3) **Criteria for creating moratoria.** Any moratorium ordinance imposed under this Ordinance **must be accompanied by findings of Council** which establish that Current City ordinances do not sufficiently address **public health, safety and welfare concerns** related to a specific land use type such that **study further of potential new regulations** and ordinance language **is necessary**, and that the particular land use being regulated **has the potential to:**
 - a. **Directly harm the health** of the surrounding neighbors, or harm the health of the public at large **by irreparably damaging the environment** in a manner that may contaminate drinking water, pollute the air, or negatively impact food safety and sanitation; or
 - b. **Directly increase concerns for public safety**, or increase disturbances to the public peace and order in a manner that negatively impacts the City's public safety resources and ability to effectively respond to public safety concerns; or
 - c. **Directly harm the public welfare** or irreparably harm the City's ability to provide basic public services, maintain its critical infrastructure, or allow for future development.
- (4) **Term of Moratorium.** Any moratorium imposed under this Ordinance will remain in effect for **no more than one year** after the effective date of the ordinance, or until amendments to the zoning ordinance are made as a result of the imposed moratorium, whichever comes first. The Council may, by amending the ordinance promulgating a moratorium, extend a moratorium for one additional six-month term upon a finding that the potential threats to public safety, health and welfare remain unabated and that further study is needed to adequately address said threats.

**ECONOMIC DEVELOPMENT, STRATEGIC PLANNING
AND TECHNOLOGY COMMITTEE MEETING
FEBRUARY 25, 2026
7:00PM**

An Economic Development, Strategic Planning and Technology Committee meeting was held on February 25, 2026, at Livonia City Hall in the City Council Chambers on the 2nd floor.

Committee Members Present: Carrie Budzinski, Chair
Patrick Brockway, Vice Chair
Eileen McDonnell, Member

Committee Members Absent: None

City Officials Present: Kayleigh Reid, Council President
Brandon McCullough, Councilmember

Aarica Smith, Director of Government Affairs
Jerome Hanna, Inspection Director

Additional attendees: See the attached list.

1. The subject matter of blighted and vacant businesses on Plymouth Road. (CR 90-25).

The Committee meeting commenced at 7 PM and discussion was led by Carrie Budzinski, Committee Chair.

This item was originally discussed in committee in May 2025. A motion was put forth to have the Administration offer a report and recommendation to update the fee schedule to be more aggressive and provide for a compounded annual rate. Within the Home Rule Cities Act, an ordinance can be passed that would allow the city to prevent a property owner from moving forward in a development project at one site if another is considered vacant/blighted.

City Attorney Carter Fisher provided an update on the Administration's work on this issue and recommends expanding the ordinance department's ability to issue civil infractions allowing for ticket issuance and actionable enforcement options outside of court. There is a possibility of using nuisance laws for serious offenders and the legal options related to Home Rule is being worked on. Presently fines are limited to \$500 per issue, per the Charter, Council may choose to re-evaluate that.

Director of Inspection, Jerome Hanna, provided additional background information. All businesses in Livonia are inspected each year. Vacant properties are registered, their exteriors inspected/cited as needed but interior inspections are not done until the building is set to be reoccupied.

Council discussed options for inspecting the interior of vacant properties on a regular basis regardless of occupancy – including the possibility of using a third-party company (Safe Built) to avoid burdening the department or putting staff at undue safety risk.

Council also discussed the possibility of expanding the ordinance request from Law related to 911 abuse calls requesting help from LFD by local senior facilities to include calls to LPD related to blighted businesses (notably trespassing).

Councilmembers discussed having a more detailed discussion on notable commercial buildings that are vacant and blighted in a different committee at a later date.

Residents shared their thoughts on blight and offered recommended action.

The Committee recommends:

- Motion put forward by Council Vice President Patrick Brockway requesting the Law Department draft an ordinance on expanding the ability of the inspection department to issue civil infractions for vacancy and blight

Note: This item will remain in Committee.

This item is to be placed on the **Regular Meeting Agenda of March 9, 2026**

2. The subject matter of data centers and attendant zoning related issues. (CR 02-26)

It was noted that topic was put into committee instead of a direct motion to allow time for research and for the city to be proactive and not reactive. Currently there are no pending proposals for a data center in Livonia.

Schoolcraft College student Naz Cimsit gave a presentation on research on this topic. Items of note:

- In 2024, 4% of energy was used by data center; In 2025 it has increased to 12%
- Data Centers use the amount of electricity of 2,000 households daily and have shown to cause water contamination and drought. Noise pollution is also a threat that can be disruptive and result in hearing loss.
- Cimsit spoke with Dr. Patrick Brody at the University of Dublin and in Ireland there have been increased energy costs for citizens and even blackouts
- German Energy Efficiency Act is a notable model for Livonia and calls for all data centers to have closed loop heat and water systems, frequent energy audits and public reporting on energy use.
- Cimsit noted that smaller size data centers are increasingly being proposed and due to Michigan's state-wide incentives there is an increase possibility that these centers would look to locate in Livonia.
- It was noted that carbon-offsetting is often done outside of the community of development and Livonia should avoid allowing investors to do that.

Planning Director Mark Taormina noted that data centers are currently a permitted-use in the industrial district.

Residents spoke on their concerns about data centers, offered suggestions for action and noted that some businesses have internal use only data centers that should not be impacted by a new ordinance.

The Committee recommends:

- Motion put forward by Council Vice President Patrick Brockway requesting the Law Department draft a one-year moratorium on data centers to allow time to update zoning ordinances to reflect best practices for building standards using the German Energy Efficiency Act as a model.

Note: This item will remain in Committee.

This item is to be placed on the **Regular Meeting Agenda of March 9, 2026**

3. The subject matter of limiting the number of gas stations and car washes in the city.
(CR 04-26)

This item was put in committee by Vice President Patrick Brockway and he introduced note surrounding communities that have placed moratoriums on car washes and gas stations.

City Attorney Carter Fisher noted that moratoriums require motivation based on fact finding that can be centered on public health, the environment and commercial saturation. He cautioned that too many active moratoriums weaken the credibility of all of them and at this time Livonia has pending proposals for moratoriums on car washes and data centers.

Councilmembers discussed the merits and unintended consequences of moratoriums – noting that there is less investment in the NE section of Livonia and residents in that area may prefer a car wash to a vacant property. It was also noted that gas stations and car washes require a use waiver and Council has broad discretion on whether or not to approve those requests. It was decided that at this time it is best to take no new action and leave the item in committee.

The Committee meeting adjourned at 9 PM.

Note: This item will remain in Committee.

This item is to be placed on the **Regular Meeting Agenda of March 9, 2026**

Honorable Members of the City Council
City of Livonia, Michigan

Re: Petition 2026-03-02-11– Maison Rose Events

Dear Council Members:

At the 1,245th Meeting held by the Livonia City Planning Commission on May 5, 2026, the following resolution was adopted:

PREFERRED COUNCIL RECOMMENDATION/RESOLUTION (Please complete this field. Attachments are not to be used in lieu of the recommendation)

#05-30-2026 RESOLVED, That pursuant to a Public Hearing having been held by the City Planning Commission on May 5, 2026, on Petition 2026-03-02-11 submitted by Maison Rose Events requesting waiver use approval under Sections 2.01, 3.11, and 6.14 of the Livonia Zoning Ordinance, as amended, to operate a banquet (event) facility with occupancy of over fifty (50) people, at 37176 Six Mile Road, located at the northeast corner of Newburgh Road and Six Mile Road in the southwest ¼ of Section 8, the Planning Commission does hereby recommend to the City Council that Petition 2026-03-02-11 be approved subject to the following conditions:

1. That the submitted floor plan, dated March 27, 2026, is hereby approved and shall be adhered to;
2. That the specific plans referenced in this approving resolution shall be submitted to the Inspection Department at the time the building permits are applied for;

3. That the establishment shall be limited to no more than one-hundred thirty six (136) guests;
4. That no signs, either freestanding or wall mounted, are approved with this petition. All such signage shall be separately submitted for review and approval by the Planning Commission and City Council;
5. That no LED lightband or exposed neon shall be permitted on this site including, but not limited to, the building or around the windows; and
6. This waiver use is granted to this petitioner only, and any new user of this license is required to seek and receive City Council's consent prior to the transfer.

FURTHER RESOLVED, That notice of the above hearing was given in accordance with the provisions of Section 13.13 of the Livonia Zoning Ordinance, as amended.

**MINUTES OF THE 1,245th PUBLIC HEARINGS AND REGULAR MEETING
HELD BY THE CITY PLANNING COMMISSION
OF THE CITY OF LIVONIA**

On Tuesday, May 5, 2026, the City Planning Commission of the City of Livonia held its 1,245th Public Hearing and Regular Meetings in the Livonia City Hall, 33000 Civic Center Drive, Livonia, Michigan.

Mr. Ian Wilshaw, Chairman, called the meeting to order at 7 p.m.

Members present: Wafa Dinara David Bongero Glen Long
 Peter Ventura Sam Caramagno Ian Wilshaw

Members absent: Patrick Droze

Mr. Jacob Uhazie, Assistant Planning Director, and Stephanie Reece, Program Supervisor, were also present.

Chairman Wilshaw informed the audience that if a petition on tonight's agenda involves a rezoning request, this Commission makes a recommendation to the City Council who, in turn, will hold its own public hearing and make the final determination as to whether a petition is approved or denied. The Planning Commission holds the only public hearing on a request for preliminary plat and/or vacating petition. The Commission's recommendation is forwarded to the City Council for the final determination as to whether a plat is accepted or rejected. If a petition requesting a waiver of use or site plan approval is denied tonight, the petitioner has ten days in which to appeal the decision, in writing, to the City Council. Resolutions adopted by the City Planning Commission become effective seven (7) days after the date of adoption. The Planning Commission and the professional staff have reviewed each of these petitions upon their filing. The staff has furnished the Commission with both approving and denying resolutions, which the Commission may, or may not, use depending on the outcome of the proceedings tonight.

ITEM #1 PETITION 2026-03-02-11 Maison Rose Events

Mr. Caramagno, Secretary, announced the first item on the agenda, Petition 2026-03-02-11 submitted by Maison Rose Events requesting waiver use approval under Sections 2.01, 3.11, and 6.14 of the Livonia Zoning Ordinance, as amended, to operate a banquet (event) facility with occupancy of over fifty (50) people, at 37176 Six Mile Road, located at the northeast corner of Newburgh Road and Six Mile Road in the southwest ¼ of Section 8.

Mr. Uhazie: Thank you, Mr. Chairman. This is, as mentioned, located on the north side of Six Mile Road between Newburgh and Fitzgerald.

This is located within a commercial shopping center, the Key Bank Commons shopping plaza. The zoning for the shopping center is C-2. Surrounding the petition parcel to the west is a salon zoned C-1. To the north, are residential properties zoned N2. To the east is a funeral home zoned C-1 and to the south, across Six Mile Road, is C-2 zoning. The petition parcel is a total of 3.70 acres with about 270 feet of frontage on Six Mile Road with a depth of 570 feet. The Key Bank Commons shopping plaza is a multi-tenant shopping center and contains about 44,000 square feet of gross floor area. It is divided into 16 tenant areas. With this petition under the C-2 district, in the zoning ordinance would allow banquet/event centers with waiver-use approval. This would be a permitted use for under 50 people. Section 6.14 requires a separation of at least 300 feet from residential or church uses. The Gold Manor subdivision is adjacent to this property site to the north. Under the zoning ordinance, City Council does have the authority to waive or modify any special requirements of a waiver-use. Doing so does require adoption of a separate resolution in which two thirds of the members must concur. The proposed unit is located in the northwest corner of the site. Showing here zoomed in, this more northern building, the unit sites on the edge site here. The proposed unit measures 4,301 square feet in size, which is about 40 feet by 124 feet. The floor plan submitted includes a reception area, as well as a kitchenette and restroom facilities. The floor plan shows approximately 2,888 square feet of assembly area. The petitioner has stated that they will have a hard out at 11 o'clock. So, all occupants must be out by 11. Required parking for a assembly use such as this, requires one parking space per 50 square feet of assembly area. As I mentioned, the floor plan shows 2,888 square feet, which would require 58 parking spaces. For reference, the entire site has 199 spaces available. If the whole building was considered general retail, it would require 142 spaces, per the zoning ordinance. The site does have a shared dumpster enclosure in the rear of the building in the northeast, and then the tenant is permitted one wall mounted sign based on the frontage within the shopping center. With that, Mr. Chairman, I can read out the departmental correspondence.

Mr. Wilshaw: Yes, please.

Mr. Uhazie: The first item is from the Engineering Division, dated April 8, 2026, which reads as follows: *"In accordance with your request, the Engineering Division has reviewed the above referenced petition. We have no objections to the proposed waiver use at this time, but would like to note the following items: 1. The subject parcel is assigned the address range of #37100 - #37176 Six Mile*

Road, with the address of #37100 Six Mile Road being assigned to the overall parcel. 2. The existing parcel is currently serviced by public sanitary sewer and water main, as well as private storm sewer. There is no mention of utility revisions with the proposal, so we do not believe there will be any adverse effects on the existing systems. 3. Should revisions to the utility services to the building, or any work within the Six Mile Road right-of-way be required, the owner will need to submit drawings to this Department for permitting.” The letter is signed by David W. Lear, P.E., Assistant City Engineer. The next letter is from the Livonia Fire & Rescue Division, dated April 13, 2026, which reads as follows: “This office has reviewed the site plan submitted in connection with a request to modify a commercial building on the property located at the above referenced address. Even though it is noted that the kitchenette “is intended for light food preparation and staging only”, any commercial cooking or cooking that produces grease laden vapors is required to have a commercial grade Hood and Duct and suppression system. A further detailed plan review will take place when this division receives an official plan set.” The letter is signed by Brian Kukla, Fire Marshal. The next letter is from the Division of Police, dated April 9, 2026, which reads as follows: “I have reviewed the plans in connection with the petition. I have no objections to the proposal.” The letter is signed by Brendan Adams, Sergeant, Traffic Bureau. The next letter is from the Inspection Department, dated April 27, 2026, which reads as follows: “ Pursuant to your request, the above-referenced Petition has been reviewed. 1. This petition is a change of use and would require that the building meet all current Michigan Building Codes, including the Michigan Barrier Free Code. This will be addressed further at the time of our plan review if this project moves forward. This Department has no further objections to this Petition.” The letter is signed by Jerome Hanna, Director of Inspection. The next letter is from the Finance Department, dated April 15, 2026, which reads as follows: “I have reviewed the addresses connected with the above noted petition. As there are no outstanding amounts receivable, general or water and sewer, I have no objections to the proposal.” The letter is signed by Ermon Sims, Chief Accountant. Next we have a letter from Broadway Salon Suites, dated April 20, 2026, and it reads: “Dear Livonia Planning Commission, I am writing on behalf of Broadway Salon Suites in Livonia, as the direct neighboring business to the proposed Maison Rose Events banquet facility. We respectfully request the opportunity to present our concerns regarding the city’s consideration of approving this space for banquet use with an occupancy exceeding 50 people. As the adjacent business, we have serious concerns about the impact this type of operation

may have on our property, our tenants, and our daily business operations. **Parking & Overflow Concerns** Our primary concern is the lack of adequate parking to support a banquet facility of this size. Based on our observations, the current parking infrastructure does not appear sufficient to accommodate large events without overflow. We are particularly concerned that event attendees may begin using our private parking lot, which is designated exclusively for Broadway Salon Suites tenants and their clients. This would create significant disruptions, limit accessibility for our customers, and negatively impact our business. Additionally, our parking lot has already sustained wear and damage over time. Increased traffic and unauthorized overflow parking would likely accelerate deterioration, leading to further maintenance costs and safety concerns. **Trash & Property Maintenance Issues** We are already experiencing ongoing issues with litter and trash throughout the shared area. An increase in large gatherings and event activity would likely intensify this problem. Without a clear and enforceable waste management plan, the amount of debris and overall property impact will increase, affecting cleanliness, safety, and the professional appearance of surrounding businesses. **Traffic Flow & Congestion** Traffic flow in this area is already challenging, particularly when accessing Six Mile Road. The current layout and one-way traffic pattern often make it time-consuming and congested to enter and exit the area. Additional event-related traffic would further strain an already difficult situation, creating delays and frustration for both our tenants and their clients. **Quality of Business Environment** Broadway Salon Suites is a professional environment where our tenants rely on a clean, accessible, and calm atmosphere for their clients. Increased traffic, parking congestion, noise, and property strain from frequent events could significantly compromise the experience we strive to provide. We are not opposed to growth or development within our community; however, we strongly believe that proper planning, infrastructure, and safeguards must be in place to prevent negative impacts on neighboring businesses. We respectfully request: - The opportunity to formally present our concerns at any relevant planning meetings - A thorough review of parking capacity and enforcement measures - A plan to prevent overflow parking onto neighboring private lots - A clear and enforceable waste management plan - Consideration of traffic impact and congestion in this already busy area Thank you for your time and consideration. We appreciate your attention to maintaining a balanced and sustainable business environment in Livonia.” Lastly, we have a letter from a resident, dated May 5, 2026, that reads: “Dear City Planning Commission, I was planning on attending tonight meeting however, I am unsure I will

be there in time so I am emailing you as well. I am writing to express concerns regarding Petition 2026-03-02-11, which requests a waiver under Section 6.14 of the Livonia Zoning Ordinance to allow operation of a banquet facility with an occupancy exceeding fifty people at 37176 Six Mile Road. While I understand the potential benefits of allowing event-based businesses in the community, I would like to request further clarification and consideration on several points before any approval is granted:

- Traffic and Parking Impact: What measures are being proposed to manage increased traffic flow and parking demand, especially during peak event times? Although 6 mile is a major roadway, there is not heavy flow/noise of traffic in that area and tends to be quieter. How will this impact the flow/ noise of traffic?*
- Noise and Quality of Life: Banquet facilities often host evening and weekend events. What safeguards will be in place to minimize noise disturbances for nearby residents? Most of the business in that plaza close by 9 pm. Which allows for a peaceful /quieter evening. Will there be bands/DJ allowed and if so at what time will the event facility close?*
- Safety and Infrastructure: Has there been an assessment of whether the current infrastructure (roads, emergency access, utilities) can safely support gatherings exceeding fifty people?*
- Occupancy for the event facility-What is the maximum?*
- Hours of operation: what will the hours of operation be for the event facility?*
- Precedent for Future Requests: Approving a waiver of this nature may set a precedent. How will the City ensure consistent application of zoning standards moving forward? I respectfully ask the Commission to carefully evaluate these considerations and provide transparency on how potential negative impacts will be mitigated. I would appreciate any additional information or documentation related to this petition. Thank you for your time and attention to this matter.”*

That is the extent of the correspondence.

Mr. Wilshaw: Thank you, Mr. Uhazie. Is there any questions for our staff? I don't see any questions. Is out petitioner in our audience? Feel free to come forward to our podium. We'll ask that you start with your name and address for our record.

Alfonso Wieneclaw, 46782 Creeks Bend, Canton, Michigan, 48188

Mr. Wilshaw: Thank you for coming, sir. What would you like to tell us about your petition?

Mr. Wienclaw: So, what I want to say is that my wife and I are professional people. I've been a registered nurse for 15 years. My wife is a clinical social worker. We work at the VA hospital in Ann Arbor,

and my wife has a passion for decorating and event planning and all that kind of stuff. So naturally, this is the route that, you know, our business is taking us. We are extremely aware of the types of events that could take place, and that probably do take place at some of the event spaces that are around, you know, different parts of the city and different cities, but we strive to start a different kind of event venue. We don't want to just host parties, and we're not, you know, we want to have professional type of events. So wellness meetings, seminars, yoga classes, different things like that throughout the week. We will have baby showers and, you know, different kind of celebrations, but you know, a couple of the safeguards that we want to put in places, that we want to have on site security for all events. At the last meeting, there was an issue brought up of, you know, if alcohol was available. Would there be loitering? And the residential houses are right behind it. And so one of the things that I was going to do was put a no loitering policy in my contracts, and also the on-site security would be able to enforce that. There's a rear door in the back that's pretty close to the residential neighborhoods, and we would not allow access for that door, so guests would have to use the front door, which is 160 feet away from the back fence that it backs up to the neighborhood. Take any questions.

Mr. Wilshaw: Okay. Well, thank you, Mr. Wienclaw for telling us about your business and answering some of the issues up front. I'm sure we'll have some questions for you.

Mr. Wienclaw: I have one more. Sorry.

Mr. Wilshaw: Of course.

Mr. Wienclaw: Somebody from the meeting brought up the sound that could be...I talked to the owner after our meeting, and we agreed that we can go in on like soundproofing the walls, especially paying attention to that back wall, which backs up against the neighborhood, just to ensure that there wouldn't be any, you know, annoyances for the neighborhood. So that was it.

Mr. Wilshaw: Alright. Great. Thank you. I appreciate that. Do we have any questions for our petitioner this evening?

Ms. Dinero: Thank you, and thank you for taking into account what we talked about in the study session. The concern from the neighbors is still parking. Can you talk a little bit about how big your events will be, how many people will be there, assuming everyone brings an individual car, and the timing of your events, and how that relates to the other businesses in the strip.

Mr. Wienclaw: So, the larger events would likely take place, you know, weekends, evening times, you know. So, we've been doing this for a few years as decorators going to other venues, and so I...I have a pretty good idea of the space it takes, the amount of people that are there, the amount of cars that are there, and people come in in like four or five people a lot of times in a car. It's never...I mean a lot of the event spaces now are currently in shopping centers, and it's never been an issue or a nuisance. If we have a capacity of 120 people, I wouldn't expect more than 55 cars, you know, 60 cars. These are family events. The whole family's coming along like it's not a thing where there's going to be 120 cars. I've never seen, you know, obviously, I can't predict the future, but just going off, you know, what we've seen. So, you asked about the timing. We would have a hard end time at 11pm and like I said, my wife or one of us would be on site for these events, and also we would have on site security to enforce those.

Ms. Dinaro: Thank you.

Mr. Wienclaw: You're welcome.

Mr. Wilshaw: Thank you. Ms. Dinaro. Any other questions?

Ms. Dinaro: That's it for me.

Mr. Wilshaw: Alright, any other questions from any of the other commissioners for our petitioner?

Mr. Ventura: Good evening. In our packet that was put together by Mr. Uhazie in the Planning Department, there is a letter that you wrote describing your business and describing what you intend to do here, and one of the bullet points that you have in here is a no alcohol policy. "We have made the intentional choice not to sell alcohol by keeping our events dry, we naturally maintain a more controlled, family friendly atmosphere and eliminate the noise and behavioral issues often associated with late night venues." We asked you about this at the study session, and Mr. Long in particular, asked you to be sure that if you do not have alcohol, is it going to have an effect on your business that would be very substantial and negative. And so, I didn't hear you address alcohol tonight and so I have to ask you where you came out on that on that question. Do you need to have alcohol with these events?

Mr. Wienclaw: Yes, sir.

Mr. Ventura: Or can you do without?

Mr. Wienclaw: So, when I wrote that letter, my intention was that we wouldn't serve alcohol, and there are some venues that serve alcohol, they have a bar and they serve it, and then there's some events where the host hires a licensed bartender to come, and we would not want to limit a client from hiring licensed bartender. So, when I drafted that letter, my intention was that we would not serve it, you know, the venue and so that's why we put the safeguards and measure on site security and on site ownership. Beyond that, my wife and I are selective in in the type of events that we choose. We're not going to have rowdy parties there. This is not our intention. We are professionals. We live in a subdivision. We have a small family, and I know what that could look like to, you know, so I don't want for these neighbors what I wouldn't want for myself, and I want to be an asset to the community. I don't want to be known as a club or, you know, nightclub. This is not what we want to do, and we have control over that. That's the good thing. This is you can't walk in from the street and just party like we have control. There's meetings they, you know, before we allow someone to have an event here, we do a thorough process of interview and, you know, there's a vetting process. So, I just wanted to be clear that, you know, we have that control so...

Mr. Ventura: I understand your good intentions. I'd also submit to you that with one person supervising a group of 100 people, you're not going to be able to be everywhere all the time, and your proximity to a residential area, dense, a dense residential area, is of great concern to me, and I'm not comfortable with the fact that you have changed your position, and now want to include alcohol in your venue. And I'm not saying that's a bad thing. I mean, you know your business far better than I do. I just have significant reservations about having it that close to it.

Mr. Wienclaw: That's understandable. That's completely understandable. I've been to probably 1,000 events of these types, you know as decorators and one person controlling a group...it's not a group of rowdy people, it's mothers and baby showers and grandmoms and that kind of thing. This is not a prom dance, you know, where people are...this is happy celebration moments, and the host who has a deposit on the line for the place. If anybody ever got, you know, started to break the rules or do anything out of like rowdy the host is, it's likely the host's family member. And so, I've never seen any issues that would arise. So, I do respect your concerns, though.

Mr. Ventura: Thank you.

Mr. Wilshaw: Thank you, Mr. Ventura. Any other questions for our petitioner?

Mr. Caramagno: Mr. Chair, I've got some. I wasn't at the study meeting, so I didn't hear all the things were vetted there, but a couple of questions. Do you operate a facility now, or you just decorate facilities?

Mr. Wienclaw: No, we just decorate other facilities.

Mr. Caramagno: Okay, and where are these facilities at?

Mr. Wienclaw: All throughout, we've a couple in Livonia. We've done Farmington Hills, just around different cities, pretty local.

Mr. Caramagno: You go in and organize them for what type of events?

Mr. Wienclaw: Mostly baby showers. We do a lot of birthdays, anniversaries. That's pretty much the bulk of it, baby showers, birthday parties, anniversaries. We're doing a 100th anniversary next week that that's like 95% of the, you know, those are the types of events that we do.

Mr. Caramagno: Okay, the booze. It was just asked of Pete. So that was already asked. Controls in place. You said someone from your organization will staff this while the events take place?

Mr. Wienclaw: So my wife or I would be on site.

Mr. Caramagno: Tell me about your vetting process? How does someone reach you? And then what tell me about the vetting process that you mentioned a few minutes ago.

Mr. Wienclaw: So, we have a website and an online presence currently, Facebook and Instagram and a website currently. So, this is how people reach us. A lot of it's through word of mouth. They might say, who decorated your party and you know, they'll reach out to us that way. And so, well, then I've never had an event space, so I'm kind of talking about our current business model, but we would have a meeting with the person. They would tell us what they intend, like, what type of event they're going to have, and then, you know, we'll go our separate ways. We don't, we wouldn't, you know, lock anything down at that time. We go our separate ways. And then, you know, in this day and age, social media is a real thing. So, we look folks up, you know, as much as we can, and seeing just what kind of people they are, we don't want to be associated with, you know...

Mr. Caramagno: So, this is what you will do, or what you...

Mr. Wienclaw: This is what we do currently, and what we will continue to do.

Mr. Caramagno: For your decorating, you do that currently?

Mr. Wienclaw: We currently do that.

Mr. Caramagno: So, you don't have a list of questions or a credit check or anything like that that you'll do with a with a person wanting to rent your space?

Mr. Wienclaw: No, I wouldn't check someone's credit to host a baby shower. I don't believe that I've ever thought about that.

Mr. Caramagno: Okay. The petition says occupancy of over 50 people. Is that something you chose?

Mr. Wienclaw: I think that's what the requirement was, that if it's over 50, then a special use was...

Mr. Caramagno: Over 50 and up to what? How many?

Mr. Wienclaw: What would be my max? Based on the drawings that I made there, that amount of tables would seat max 120 people. So, I mean, I don't know if like fire marshals get involved, again, this is my first time, so I'm not sure what it could be. What...if you guys have suggestions, you know, I don't know if that number is like... I'm open to, like, you know, discussing.

Mr. Caramagno: Okay, the last question I've got for you is, you know, at any event, there's people that still smoke and smoke cigars, smoke cigarettes. Where would you propose they go out and smoke these cigarettes, cigars? Are they going to go in the alley behind the building. Are they going to be in the parking lot? Where are people going to hang out? Is there a smoking designated area. Are there going to be facilities to throw cigarette butts in an ashtray. What? When you have parties, people tend to loosen up a little bit. So, what are you going to...what are your thoughts for that?

Mr. Wienclaw: So, first and foremost, that the back part of that building will be off limits to anybody. My security will probably, you know, be monitoring that back area. Those are where the houses are. I don't want anybody back there. Regarding the smoking, when I talked to the owner of the building following our last meeting, he talked about the building next door has one of those little like bus

stop looking places where people can go in there and smoke with ashtrays and stuff. That was an option. We talked about possibly putting it on the side near the entrance, something to contain that.

Mr. Caramagno: Okay, that's all the questions I got, thank you.

Mr. Wienclaw: Yes, sir.

Mr. Wilshaw: Thank you, Mr. Caramagno. Any other questions for the petitioner? I just briefly wanted to ask...I was doing some math while I was sitting here, which isn't easy for me. I went to public school, so I had to use a calculator. But there's 200 parking spaces total in this development. You said that you're not going to allow access to the back of the of the property through your rear door, yet there's 50 parking spaces behind the building that basically become inaccessible to the majority of your patrons because you're not letting them use the back of the property. So that means that we're looking at really about 150 parking spaces total in this complex that are accessible to your patrons easily, unless they want to walk around the building. So if we're down to 150 spaces, you're looking at, by your own testimony, potentially upwards of 60 cars if two people come in a car, potentially more. Another confession, I have gone to yoga classes before, and usually people show up one at a time to those types of things. They don't usually come in groups. That's been my experience. So, even at 60 cars for one of your events, you're looking at consuming 40% of the entire parking lot with one of your events. That's a concern to me, and I don't know how you can, if there's anything that you want to address in regards to that, because the concerns that we've heard from the neighboring property about overflow going into their lot are legitimate, and I have definitely some concerns over the parking situation. Is there anything that you can tell us about?

Mr. Wienclaw: Yeah, I mean, what I can say is that my wife and I have sat in this parking lot probably over 20 times since we've looked at this place to look at the idea. We want to see the type of people that come in and all that. In the parking lot on our peak times, the parking lot is never even a quarter full. And I know that's just...it doesn't matter. I'm up here saying that and it doesn't really mean anything. I get that, but if anybody here is familiar with this place during the evening time, on the weekend, that parking lot is not full at all like so, I mean, if people have to park, you know, along the side and in the front, that back line is what I want to stray people away from, you know. So on the side there, I would allow parking just that very back. So if that's going to affect our max

occupancy, then that's, you know, that's something worth, you know, talking about.

Mr. Wilshaw: When I counted the spaces and behind the building, I did not count the ones along the side of the property. That's another 20 spaces there. If those were off limits too, then you'd be down by even more. You'd be consuming at least half the parking lot with your venue. Alright, I just wanted to throw that out there for now, and we'll see where that goes. Is there anything else from any of my colleagues before I go to the audience? Nothing from my colleagues. Is there anyone in the audience wishing to speak on this? I don't see anyone lunging out of their chair, so I think we're okay. Is there anything else you'd like to tell us before we make our decision? Always give you the last word.

Mr. Wienclaw: Yeah. I'll just add one thing. Our larger events, which are going to be the ones that we're talking about, where the parking becomes a question, and those things at most are typically four times a month. So, it's the Saturday evenings. Those are the ones. The weekday stuff that's not more than 20 people coming in, you know. So, you know, during the work week and all that, it's not going to affect the flow of traffic or the parking or the folks that are already there and their business. It's usually the four days a month, you know. And also, I just want to say that I hope, you know...there's a stigma on event spaces, and I'm aware of that, and I just, I'm trying to set myself apart from that, you know. And I don't know if I can, but that's all I have.

Mr. Wilshaw: Okay, appreciate that. Thank you for your comments. Mr. Wienclaw. I am going to go to my colleagues. I'll close the public hearing, and a motion will be in order.

On a motion by Dinero, seconded by Long, and adopted, it was

#05-30-2026 **RESOLVED**, That pursuant to a Public Hearing having been held by the City Planning Commission on May 5, 2026, on Petition 2026-03-02-11 submitted by Maison Rose Events requesting waiver use approval under Sections 2.01, 3.11, and 6.14 of the Livonia Zoning Ordinance, as amended, to operate a banquet (event) facility with occupancy of over fifty (50) people, at 37176 Six Mile Road, located at the northeast corner of Newburgh Road and Six Mile Road in the southwest ¼ of Section 8, the Planning Commission does hereby recommend to the City Council that Petition 2026-03-02-11 be approved subject to the following conditions:

1. That the submitted floor plan, dated March 27, 2026, is hereby approved and shall be adhered to;
2. That the specific plans referenced in this approving resolution shall be submitted to the Inspection Department at the time the building permits are applied for;
3. That the establishment shall be limited to no more than one-hundred thirty six (136) guests;
4. That no signs, either freestanding or wall mounted, are approved with this petition. All such signage shall be separately submitted for review and approval by the Planning Commission and City Council;
5. That no LED lightband or exposed neon shall be permitted on this site including, but not limited to, the building or around the windows; and
6. This waiver use is granted to this petitioner only, and any new user of this license is required to seek and receive City Council's consent prior to the transfer.

FURTHER RESOLVED, That notice of the above hearing was given in accordance with the provisions of Section 13.13 of the Livonia Zoning Ordinance, as amended.

A roll call vote on the foregoing resolution resulted in the following:

AYES: Dinaro, Bongero, Long, Wilshaw
NAYS: Ventura, Caramagno
ABSENT: Droze
ABSTAIN: None

Mr. Wilshaw: Is there any discussion?

Mr. Wilshaw, Chairman, declared the motion is carried and the foregoing resolution adopted. It will go on to City Council with an approving resolution.

PLANNING COMMISSION STAFF NOTES

PUBLIC HEARING

ITEM 1

Petition 2026-03-02-11 submitted by Maison Rose Events requesting waiver use approval under Sections 2.01, 3.11, and 6.14 of the Livonia Zoning Ordinance, as amended, to operate a banquet (event) facility with occupancy of over fifty (50) people, at 37176 Six Mile Road, located at the northeast corner of Newburgh Road and Six Mile Road in the southwest $\frac{1}{4}$ of Section 8.

April 28, 2026, Study Meeting:

The petitioner is requesting waiver use approval to establish a banquet (event) facility within an existing multi-tenant commercial shopping center located on the north side of Six Mile Road, just east of Newburgh Road. The subject tenant space is positioned toward the rear of the development and occupies the westernmost storefront within the plaza. The unit measures 4,301 square feet in size. The entire parcel is 160,939 square feet and contains a total of 44,237 square feet of building space. The parcel is approximately 570 feet deep with 270 feet of frontage along 6 Mile Road.

The proposed use is intended to accommodate small to mid-size private events with controlled occupancy and structured seating arrangements. As described by the petitioner, events will be reservation-based and not open to the general public. Pursuant to Section 3.11 of the Livonia Zoning Ordinance, banquet facilities with an occupancy exceeding fifty (50) persons are classified as waiver uses within the C-2 (General Business) zoning district and are therefore subject to review by the Planning Commission and City Council.

The subject property is zoned C-2 (General Business) and is part of an established commercial strip center. The surrounding land uses include residential properties zoned N-2 (Neighborhood District) to the north, commercial uses zoned C-2 across Six Mile Road to the south, and C-1 (Local Business) zoned properties to both the east and west, including the nearby Harry J. Will Funeral Home.

In accordance with Section 2.01 of the Zoning Ordinance, the proposed use meets the definition of a banquet facility, as it is intended to host private functions such as parties, receptions, and similar gatherings where food and beverages are consumed, and where the occupancy or floor area exceeds the ordinance thresholds.

Section 6.14 establishes a minimum separation distance of three hundred (300) feet between banquet facilities and any residential district. Based on the information provided, the subject site appears to not comply with this separation requirement. However, Section 13.13 of the Zoning Ordinance empowers the City Planning Commission to review waivers or approval of conditional uses to be

PUBLIC HEARING

approved by the City Council, such waiver or use shall be approved only where the proposal complies with all of the special requirements for the waiver or use sought to be approved, except that any or all requirements may be waived or modified by a separate resolution, specifically delineating the requirement(s) waived or modified, in which two-thirds ($\frac{2}{3}$) of the members of the City Council concur.

The submitted plans, dated March 27, 2026, indicate a total floor area of approximately 4,301 square feet for the proposed event center. The layout includes a reception area, as well as a partitioned space measuring approximately thirty-nine (39) feet in length that will accommodate storage, a kitchenette, and restroom facilities. The floor plan shows approximately 2,888 square feet of assembly area.

While the tenant space is permitted one wall-mounted sign based on its frontage within the shopping center. A shared dumpster enclosure exists on-site.

Section 9.05 of the Zoning Ordinance requires one (1) parking space for every fifty (50) square feet of floor area used for dancing or assembly. The floor plan shows that the assembly area would be 2,888 square feet. An event center of this size requires 58 parking spaces ($2,888 / 50 = 58$). The entire site contains 199 parking spaces, and under the Zoning Ordinance would require 142 spaces for general retail purposes.

May 5, 2026, Public Hearing:

Approving Resolution: That the request to operate a banquet (event) facility with occupancy of over fifty (50) people, at 37176 Six Mile Road, is hereby approved, subject to City Council approval and the following conditions:

1. That the submitted floor plan, dated March 27, 2026, is hereby approved and shall be adhered to;
2. That the specific plans referenced in this approving resolution shall be submitted to the Inspection Department at the time the building permits are applied for;
3. That the establishment shall be limited to no more than one-hundred thirty six (136) guests;
4. That no signs, either freestanding or wall mounted, are approved with this petition. All such signage shall be separately submitted for review and approval by the Planning Commission and City Council;

PUBLIC HEARING

ITEM 1 Petition 2026-03-02-11 Page 3

5. That no LED lightband or exposed neon shall be permitted on this site including, but not limited to, the building or around the windows; and
6. This waiver use is granted to this petitioner only, and any new user of this license is required to seek and receive City Council's consent prior to the transfer.

Denying Resolution: The request for a waiver use operate a banquet (event) facility with occupancy of over fifty (50) people, at 37176 Six Mile Road, is hereby denied for the following reasons:

1. That the proposed development would have a detrimental effect upon the neighboring properties;
2. That the petitioner has not sufficiently demonstrated that the site can accommodate the required parking, circulation, and operational needs associated with a banquet facility of this scale;

Maison Rose Events: Waiver Use Narrative for 37176 6 Mile Road

To the Livonia Planning Commission and City Council,

My name is Alfonso Wienclaw, and my wife Jamie and I are the owners of Maison Rose Events. We are submitting this narrative to support our waiver use application for the property at 37176 6 Mile Road. As a Registered Nurse and a Clinical Social Worker at the VA Ann Arbor Healthcare System, our professional lives are built on following strict regulations and serving the public. We are bringing that same disciplined, service-oriented mindset to our business.

Maison Rose Events is designed to be a refined, mid-sized venue for life's important milestones. While our space is over 1,000 square feet, we are not looking to operate a high-turnover "party hall." Our primary business consists of private, invitation-only social events—such as baby showers, bridal brunches, and family birthday celebrations. Additionally, we are passionate about using the space for community-focused programming, including wellness workshops, healthcare seminars, and local holiday resource drives.

We chose this location because we love the area, but we are fully aware of the 300-foot residential buffer and our neighbors at 37181 and 37147. Because we live and work in public service, being a "good neighbor" isn't just a talking point for us—it's how we intend to operate. To protect the quiet of the neighborhood, we have committed to the following:

- **A No-Alcohol Policy:** We have made the intentional choice not to sell alcohol. By keeping our events "dry," we naturally maintain a more controlled, family-friendly atmosphere and eliminate the noise and behavioral issues often associated with late-night venues.
- **Strict 11:00 PM Closing:** We respect that people have work and school the next day. All events will end by 11:00 PM at the latest, with the building cleared and secured shortly after.
- **Professional Oversight:** We don't just "rent the space" and leave. We provide on-site oversight for every event. For larger groups, we will utilize professional security to ensure guests park correctly in our designated lot and respect the property lines.
- **Sound and Light Control:** All music and activities stay strictly inside with the doors closed. We are also committed to using "shielded" parking lot lighting that points downward to avoid any light spilling into our neighbors' backyards.

We are proud to invest in Livonia and believe that Maison Rose Events will be a quiet, professional, and well-maintained addition to 6 Mile Road. We aren't looking to create a disruption; we're looking to provide a beautiful space for families and professionals to gather.

Thank you for your time and for considering our vision for this space.

Sincerely,

Alfonso Wienclaw, RN

Jamie Wienclaw, MSW

Code & Use Statement

Intended Use & Occupancy

The proposed layout is designed to support small to mid-sized private events with controlled occupancy and structured seating. Events will be reservation-based and not open to the general public. The space is not intended to function as a nightclub, bar, or open assembly hall.

Occupant Load Consideration

The seating layout shown reflects a controlled arrangement of round tables (60") consistent with banquet-style seating. Occupant load will remain within limits appropriate for the available square footage and egress pathways.

Egress & Circulation

The layout maintains clear circulation paths, including a minimum 4-foot-wide hallway providing access to restrooms and back-of-house areas. Entry and exit points are maintained for safe and efficient occupant movement.

Restroom Facilities

Two restrooms are provided:

- One expanded restroom (approx. 17' x 7'), created by combining the existing 5' x 7' restroom with an additional 12' x 7' area
- One additional restroom (12' x 7')

Restroom facilities are designed to support the anticipated occupant load. Final fixture counts and ADA compliance will be confirmed during the building permit phase.

Accessibility (ADA Compliance)

Accessible routes are maintained throughout the space, including access to restrooms and main event areas. Final ADA compliance details will be incorporated in construction drawings submitted for permitting.

Kitchenette Use

The proposed kitchenette (14' x 7') is intended for light food preparation and staging only. No commercial cooking, grease-producing equipment, or ventilation hood systems are proposed.

Back-of-House Separation

Partition walls are proposed to clearly separate guest areas from operational spaces, including storage and kitchenette areas. This supports safe operations and organized event flow.

Re: Petition 2026-03-02-11 – #37176 Six Mile Road (Maison Rose Events)

Dear Mr. Canty:

In accordance with your request, the Engineering Division has reviewed the above referenced petition. We have no objections to the proposed waiver use at this time, but would like to note the following items:

1. The subject parcel is assigned the address range of #37100 - #37176 Six Mile Road, with the address of #37100 Six Mile Road being assigned to the overall parcel.
2. The existing parcel is currently serviced by public sanitary sewer and water main, as well as private storm sewer. There is no mention of utility revisions with the proposal, so we do not believe there will be any adverse effects on the existing systems.
3. Should revisions to the utility services to the building, or any work within the Six Mile Road right-of-way be required, the owner will need to submit drawings to this Department for permitting.

Should you have any additional questions on this matter, please feel free to contact myself at (734) 466-2608 or the City Engineer, Mr. Todd Zilincik at (734) 466-2561. If you would prefer, you can e-mail either of us at dlear@livonia.gov or tzilincik@livonia.gov.

Petition submitted by Maison Rose Events- Tonights Public Hearing

From Kakish, Dina <kakishd@med.umich.edu>

Date Tue 5/5/2026 2:37 PM

To Planning <Planning@Livonia.gov>

Dear City Planning Commission,

I was planning on attending tonight meeting however, I am unsure I will be there in time so I am emailing you as well.

I am writing to express concerns regarding Petition 2026-03-02-11, which requests a waiver under Section 6.14 of the Livonia Zoning Ordinance to allow operation of a banquet facility with an occupancy exceeding fifty people at 37176 Six Mile Road.

While I understand the potential benefits of allowing event-based businesses in the community, I would like to request further clarification and consideration on several points before any approval is granted:

- **Traffic and Parking Impact:** What measures are being proposed to manage increased traffic flow and parking demand, especially during peak event times? Although 6 mile is a major roadway, there is not heavy flow/noise of traffic in that area and tends to be quieter. How will this impact the flow/ noise of traffic?
- **Noise and Quality of Life:** Banquet facilities often host evening and weekend events. What safeguards will be in place to minimize noise disturbances for nearby residents? Most of the business in that plaza close by 9 pm. Which allows for a peaceful /quieter evening. Will there be bands/DJ allowed and if so at what time will the event facility close?
- **Safety and Infrastructure:** Has there been an assessment of whether the current infrastructure (roads, emergency access, utilities) can safely support gatherings exceeding fifty people?
- **Occupancy for the event facility**-What is the maximum?
- **Hours of operation:** what will the hours of operation be for the event facility?
- **Precedent for Future Requests:** Approving a waiver of this nature may set a precedent. How will the City ensure consistent application of zoning standards moving forward?

I respectfully ask the Commission to carefully evaluate these considerations and provide transparency on how potential negative impacts will be mitigated. I would appreciate any additional information or documentation related to this petition.

Thank you for your time and attention to this matter.

Sincerely,
Dina and Raghdeh Kakish

Petition 20 26-0 3-0 2-11 Maison Rose events

From Danielle Smith <danielle@broadwaysalonstudios.com>

Date Mon 4/20/2026 3:17 PM

To Planning <Planning@Livonia.gov>

Dear Livonia Planning Commission,

I am writing on behalf of Broadway Salon Suites in Livonia, as the direct neighboring business to the proposed Maison Rose Events banquet facility.

We respectfully request the opportunity to present our concerns regarding the city's consideration of approving this space for banquet use with an occupancy exceeding 50 people.

As the adjacent business, we have serious concerns about the impact this type of operation may have on our property, our tenants, and our daily business operations.

Parking & Overflow Concerns

Our primary concern is the lack of adequate parking to support a banquet facility of this size. Based on our observations, the current parking infrastructure does not appear sufficient to accommodate large events without overflow. We are particularly concerned that event attendees may begin using our private parking lot, which is designated exclusively for Broadway Salon Suites tenants and their clients. This would create significant disruptions, limit accessibility for our customers, and negatively impact our business.

Additionally, our parking lot has already sustained wear and damage over time. Increased traffic and unauthorized overflow parking would likely accelerate deterioration, leading to further maintenance costs and safety concerns.

Trash & Property Maintenance Issues

We are already experiencing ongoing issues with litter and trash throughout the shared area. An increase in large gatherings and event activity would likely intensify this problem. Without a clear and enforceable waste management plan, the amount of debris and overall property impact will increase, affecting cleanliness, safety, and the professional appearance of surrounding businesses.

Traffic Flow & Congestion

Traffic flow in this area is already challenging, particularly when accessing Six Mile Road. The current layout and one-way traffic pattern often make it time-consuming and congested to enter and exit the area. Additional event-related traffic would further strain an already difficult situation, creating delays and frustration for both our tenants and their clients.

Quality of Business Environment

Broadway Salon Suites is a professional environment where our tenants rely on a clean, accessible, and calm atmosphere for their clients. Increased traffic, parking congestion, noise, and property strain from

frequent events could significantly compromise the experience we strive to provide.

We are not opposed to growth or development within our community; however, we strongly believe that proper planning, infrastructure, and safeguards must be in place to prevent negative impacts on neighboring businesses.

We respectfully request:

- The opportunity to formally present our concerns at any relevant planning meetings
- A thorough review of parking capacity and enforcement measures
- A plan to prevent overflow parking onto neighboring private lots
- A clear and enforceable waste management plan
- Consideration of traffic impact and congestion in this already busy area

Thank you for your time and consideration. We appreciate your attention to maintaining a balanced and sustainable business environment in Livonia.

Sincerely,
Broadway Salon Suites

**RE: Easement Vacations
7 Mile Planned General Development
33500 Seven Mile Road
Livonia, MI**

Dear City Council:

Pursuant to Section 2.3 of the Development Agreement between the City of Livonia and Seven Mile/Farmington Venture LP, attached are following items needed for the vacation of the existing easements regarding the 7 Mile Planned General Development:

- One (1) copy of ALTA / NSPS Land Title Survey (prior to redevelopment of site)
- One (1) copy of Exception 13 for the existing Water Main Easement, Liber 17973, page 705
- One (1) copy of Exception 17 for the existing Scenic Easement, Liber 26193, page 866
- One (1) Check No. 002591 in the amount of \$650 for the processing fee

We are requesting that the city vacate the existing water main and scenic easements as they are no longer needed as part of the redevelopment of this site. Please feel free to forward these items to the Law Department and Engineering Division as needed in order to place us on upcoming Planning Commission and City Council meeting agendas.

Please feel free to contact me if you have any questions or if you should need additional information. Thank you.

**MINUTES OF THE 1,245th PUBLIC HEARINGS AND REGULAR MEETING
HELD BY THE CITY PLANNING COMMISSION
OF THE CITY OF LIVONIA**

On Tuesday, May 5, 2026, the City Planning Commission of the City of Livonia held its 1,245th Public Hearing and Regular Meetings in the Livonia City Hall, 33000 Civic Center Drive, Livonia, Michigan.

Mr. Ian Wilshaw, Chairman, called the meeting to order at 7 p.m.

Members present: Wafa Dinaro David Bongero Glen Long
 Peter Ventura Sam Caramagno Ian Wilshaw

Members absent: Patrick Droze

Mr. Jacob Uhazie, Assistant Planning Director, and Stephanie Reece, Program Supervisor, were also present.

Chairman Wilshaw informed the audience that if a petition on tonight's agenda involves a rezoning request, this Commission makes a recommendation to the City Council who, in turn, will hold its own public hearing and make the final determination as to whether a petition is approved or denied. The Planning Commission holds the only public hearing on a request for preliminary plat and/or vacating petition. The Commission's recommendation is forwarded to the City Council for the final determination as to whether a plat is accepted or rejected. If a petition requesting a waiver of use or site plan approval is denied tonight, the petitioner has ten days in which to appeal the decision, in writing, to the City Council. Resolutions adopted by the City Planning Commission become effective seven (7) days after the date of adoption. The Planning Commission and the professional staff have reviewed each of these petitions upon their filing. The staff has furnished the Commission with both approving and denying resolutions, which the Commission may, or may not, use depending on the outcome of the proceedings tonight.

ITEM #3 PETITION 2026-03-03-01 Schostak Brothers

Mr. Caramagno, Secretary, announced the first item on the agenda Petition 2026-03-03-01 submitted by Schostak Brothers & Company Inc., pursuant to Section 12.03 of the Livonia Code of Ordinances, as amended, to determine whether or not to vacate the existing water main and scenic easements at 33500 Seven Mile Road, located on the northwest corner of Farmington Road and Seven Mile Road in the southeast ¼ of Section 4.

Mr. Uhazie: Thank you. This is a request to vacate the existing main, water main and scenic easements. The location, as mentioned, is on

the northwest corner of Seven and Farmington, the future site of the Meijer and multifamily development. The property is currently zoned C-2. There is a 20-foot-wide water main easement that is C shaped along the perimeter of the property, and then the scenic easement is located in the southeast corner of the site. The petitioner has stated that they no longer have a need for the infrastructure and it has been relocated to other parts of the redevelopment. The Engineering Department has supported the vacating request. Approval of this petition will help avoid future title issues for the owners and anyone with interest in this subject property. With that, Mr. Chairman, I can read out the departmental correspondence.

Mr. Wilshaw: Yes, please.

Mr. Uhazie: The first item is from the Engineering Division, dated March 31, 2026, which reads as follows: *"In accordance with your request, the Engineering Division has reviewed the above referenced petition. We have no objections to the proposed easement vacations but would like to note the following items: 1. The subject parcel is assigned to the address of #33500 Seven Mile Road. 2. The developer has been in contact with this department and will be providing replacement easements over the public utilities installed during the proposed project, once the final locations are known."* The letter is signed by David W. Lear, P.E., Assistant City Engineer. The next letter is from the Finance Department, dated April 15, 2026, which reads as follows: *"I have reviewed the addresses connected with the above noted petition. As there are no outstanding amounts receivable, general or water and sewer, I have no objections to the proposal."* The letter is signed by Ermon Sims, Chief Accountant. The next letter is from the Treasurer's Department, dated March 30, 2026, which reads as follows: *"The owner of the property is current on the property taxes"* The letter is signed by Susie Nash, Treasurer. That is the extent of the correspondence.

Mr. Wilshaw: Alright, thank you, Mr. Uhazie. Any questions for staff as there is no one here representing the petitioner for this.

Mr. Uhazie: We told them that they didn't have to. It's not necessary.

Mr. Wilshaw: Okay, very good. There's no questions from my colleagues. Is there anyone in the audience wishing to speak on this item. No one in the...go ahead. Feel free to come forward. Good evening, sir.

Charles Johnson, 32930 Stamford, Livonia, MI. The property backs up against the property in question and to the easement. We've actually...our family has been associated with the property since 1989, quite a long time. We're really excited about the project. I mean, it seems like Shostak is just doing a great job. They've taken great care to ensure that the owners are not in a bad position as it relates to the supermarket. My only reason for stepping to the podium is just to make sure that I understand. So, one of the things that Shostak said, when they sold the property was that, in order to protect the property owners rights, that about this, you know, development, that they would add a couple of feet to the wall, and that they would build it like a berm along the wall, and that they would put plantings up there. Is any of that affected in any way by this release of the easements?

Mr. Wilshaw: And you're referring to the westerly and the sort of north and west sides of the property where it abuts the residential?

Mr. Johnson: Yes, right there, where your pointer is. That would be my property, but they...so the answer to your question is yes, that's what I'm referring to.

Mr. Wilshaw: Okay. Very good. Thank you, sir, Mr. Uhazie, do you want to address that question in terms of where these easements are located and if that would be affected?

Mr. Uhazie: Yes. So these easements are located closer to the roads. Vacating this would not change any of the site plans. They would be held to their approved development agreement. So all that will be unchanged. This is basically just so that...it kind of cleans up the entitlements for the property in the future that the easements will...when they redo the easements, the easements will actually line up with the existing infrastructure, because right now it would not. They would no longer match up. So, anything that was part of the development plan, as far as the landscaping, fences and all that stuff, building design, would all remain the same as what was approved originally.

Mr. Johnson: So, I took a peek over the back wall, and I looked to see where, you know, the fire hydrants, or you know the water access were, and there are...there is water access along that back wall there. Are they pulling those water mains out? And if they are pulling them out is it because they're putting new ones in in another more convenient place?

Mr. Uhazie: Well, the vacating that we're discussing here is closer to Seven Mile but yes, they would be, I would imagine that they are

relocating to where the plan did clearly state where all the water mains would be and the fire department did review those. So they will be following the approved plan that was originally submitted.

Mr. Johnson: I don't think this affects the neighbors in any way then, thank you.

Mr. Wilshaw: Thank you, Mr. Johnson, for coming. Anyone else wishing to speak on this item? If not, I will close the public hearing if there's no other comments from my colleagues and a motion is in order.

On a motion by Ventura, seconded by Bongero, and unanimously adopted, it was

#05-32-2026 **RESOLVED**, That pursuant to a Public Hearing having been held by the City Planning Commission on May 5, 2026, Petition 2026-03-03-01 submitted by Schostak Brothers & Company Inc., pursuant to Section 12.03 of the Livonia Code of Ordinances, as amended, to determine whether or not to vacate the existing water main and scenic easements at 33500 Seven Mile Road, located on the northwest corner of Farmington Road and Seven Mile Road in the southeast ¼ of Section 4, the Planning Commission does hereby recommend to the City Council that Petition 2026-03-03-01, be approved for the following reasons:

1. The water main infrastructure associated with the easement is no longer in use or has been relocated as part of the site's redevelopment;
2. The scenic easement is no longer necessary given the updated site layout and improvements; and
3. No reporting City department or public utility has objected to the proposed vacating.

FURTHER RESOLVED, That notice of the above hearing was given in accordance with the provisions of Section 13.13 of the Livonia Zoning Ordinance, as amended.

Mr. Wilshaw: Is there any discussion?

Mr. Wilshaw, Chairman, declared the motion is carried and the foregoing resolution adopted. It will go on to City Council with an approving resolution.

ITEM 2

Petition 2026-03-03-01 submitted by Schostak Brothers & Company Inc., pursuant to Section 12.03 of the Livonia Code of Ordinances, as amended, to determine whether or not to vacate the existing water main and scenic easements at 33500 Seven Mile Road, located on the northwest corner of Farmington Road and Seven Mile Road in the southeast ¼ of Section 4.

April 28, 2026: Study Meeting:

The petitioner is requesting approval to vacate an existing twenty-foot (20') wide water main easement and a scenic easement located on the property at 33500 Seven Mile Road, situated at the northwest corner of Farmington Road and Seven Mile Road. The subject site has recently been redeveloped with a new Meijer grocery store, and the petitioner indicates that the existing easements are no longer necessary to support current or future utility or site operations. The water main easement is configured in a "C-shape" along the perimeter of the property, while the scenic easement is located in the southeast corner of the site.

Pursuant to the City of Livonia's review standards and general planning practices, easements may be considered for vacation when they are determined to be no longer required for public utilities, drainage, access, or other municipal purposes. In this case, the petitioner has indicated that the water main infrastructure associated with the easement is no longer in use or has been relocated as part of the site's redevelopment. Similarly, the scenic easement is no longer necessary given the updated site layout and improvements. Any action to vacate these easements would be contingent upon verification from the City's Engineering Division and other applicable departments that no existing or future public need will be compromised.

Should the easements be vacated, the land area would revert to the control of the property owner and may be incorporated into the overall site without restriction. The proposed vacation appears consistent with the intent of the Livonia Zoning Ordinance to allow reasonable use of property while ensuring that adequate infrastructure and public interests are maintained. Final approval would require confirmation that all utilities have been properly addressed and that no adverse impacts will result from the removal of these easements.

City ordinance requires that vacating petitions first have a public hearing by the Planning Commission, with a report and recommendation submitted to the City Council. Notice of this petition to vacate the easement has been provided to all known utility and communications companies.

May 5, 2026: Public Hearing:

Approving Resolution: The request to determine whether or not to vacate the existing water main and scenic easements at 33500 Seven Mile Road is hereby approved subject to the following conditions and for the reasons stated below:

1. The water main infrastructure associated with the easement is no longer in use or has been relocated as part of the site's redevelopment;
2. The scenic easement is no longer necessary given the updated site layout and improvements; and
3. No reporting City department or public utility has objected to the proposed vacating.

**AN ORDINANCE AMENDING SECTION 050 OF TITLE
13, CHAPTER 28 (INDUSTRIAL WASTE SURCHARGE)
OF THE LIVONIA CODE OF ORDINANCES, AS
AMENDED.**

THE CITY OF LIVONIA ORDAINS:

Section 1. Section 050 of Title 13, Chapter 28 the Livonia Code of Ordinances, as amended, is hereby amended to read as follows:

13.28.050 Schedule of charges. Industrial waste pollutant strength surcharges are adopted herein, made effective with the first billing on and after July 1, 202~~5~~⁶, for users of the wastewater system of the City of Livonia, and are to be computed as follows:

**Computation of Industrial Waste Pollutant
Strength Surcharge**

The industrial waste pollutant strength surcharge shall be computed in accordance with the following formula:

$$SC = 0.0624 V [a (BOD-275) + b (TSS-350) + c (P-12) + d (FOG-100)]$$

Where:

- SC = Pollutant strength surcharge fee in dollars for the billing period.
- V = Volume of waste discharged in the billing period in Mcf (1,000 cubic feet).
- BOD = Five-day biochemical oxygen demand of the waste expressed in milligrams per liter (ppm).
- TSS = Total suspended solids in the waste expressed in milligrams per liter (ppm).
- P = Phosphorus in the waste expressed in milligrams per liter (ppm).
- FOG = Fats, oils, and grease in the waste expressed in milligrams per liter (ppm).

Proposed Amendment to Section 050
of Title 13, Chapter 28 of the
Livonia Code of Ordinances - p 2

a, b, c, d = Surcharge rates in dollars/pound for treating BOD, TSS,
P and FOG, respectively.

0.624 = Factor which converts Mcf to MM lbs.

a = dollars/pound for treating BOD = \$ 0.40927/pound greater
than 275 mg/l.

b = dollars/pound for treating TSS = \$ 0.54872/pound greater
than 350 mg/l.

c = dollars/pound for treating P = \$ 7.9078.249/pound greater than
12 mg/l.

d = dollars/pound for treating FOG = \$ 0.1347/pound greater
than 100 mg/l.

Section 2. All ordinances or parts of ordinances in conflict herewith are hereby
repealed only to the extent necessary to give this ordinance full force and effect.

Section 3. Should any portion of this ordinance be held invalid for any reason, such
holding shall not be construed as affecting the validity of any of the remaining portions
of this ordinance.

Exhibit A Lease Area Legal Description		

LEASE AGREEMENT

THIS LEASE AGREEMENT made and entered into this _____ day of _____, 2025 by and between the CITY OF LIVONIA, a Michigan municipal corporation, whose address is 33000 Civic Center Drive, Livonia, Michigan 48154, the Lessor, hereinafter designated as the “LANDLORD,” and Livonia Anniversary Committee, Inc., a Michigan nonprofit corporation, whose address is 33841 Lyndon, Livonia, MI 48154, the Lessee, hereinafter designated as the “TENANT.”

WITNESSETH:

WHEREAS, Landlord now desires to enter into a Lease with the Livonia Anniversary Committee, Inc., as Lessee, for the premises commonly known as Ford Field Park located at 33771 Lyndon St, Livonia, MI 48154, including all improvements and appurtenances located thereon;

NOW, THEREFORE, in consideration of the covenants hereinafter set forth, the respective parties do hereby enter into a Lease Agreement upon the following terms and conditions, to wit:

I. NATURE AND OPERATION OF THE LEASE.

1.1 General Description of the Lease.

Subject to the terms hereof, Tenant shall have the exclusive rights and privileges of a Lessee to operate a fair and community festival, known as the “Livonia Spree” at the Ford Field Park and to provide ticketing, admissions, vending, concessions and entertainment for customers thereof for the duration of this lease. Tenant shall use and occupy the leased premises only for the recreational purpose for which they are let to it.

1.2 Area of Lease.

Tenant agrees that the area of its operation hereunder shall include the entire Park facility, as described in the legal description below and depicted on Exhibit A attached hereto, including all common areas, parking lots, and exterior fields within the property.

It is hereby expressly understood and agreed by the parties hereto that the Ford Field Park lies adjacent to and Eddie Edgar Ice Arena, which is owned by the Landlord and privately operated.

1.3 Term.

The term hereof shall commence on June 20th, 2026 and end on June 30th, 2026.

II. OBLIGATIONS OF TENANT.

2.1 Quality of Service; Nondiscrimination.

Tenant agrees that Ford Field Park and attendant facilities shall, during the term of this lease, be maintained and operated in a manner appropriate to the service of a kind usually expected. A member of Tenant's staff will inspect the premises at least daily to assure that 1) perimeter fencing is sufficiently sound to keep the general public from entering the premises from entering the premises except by designated areas for admission, and 2) trash and debris are properly disposed of so as to assure a safe, healthy environment for attendees. Tenant agrees to perform its obligations under this Lease, and otherwise to act in utmost good faith with the Landlord in the performance of all activities connected therewith.

Tenant shall furnish service adequate to meet the demands for service of patrons, and to assure cleanliness and safety for all patrons.

Tenant shall provide its services on a fair, equal and nondiscriminatory basis to all patrons thereof. Tenant shall not discriminate or permit discrimination on the basis of

race, sex, religion, national origin or for reasons of being handicapped against any person or group of persons whether they be customers, employees, suppliers, vendors or contractors of Tenant.

2.2 [Reserved].

2.3 Service.

Tenant's service shall be prompt, clean, courteous and efficient. The Tenant shall at all times provide personnel sufficient to operate the Ford Field Park and its concessions, rides and displays; and shall operate the festival and fairgrounds in compliance with all applicable State and local laws.

2.4 Supervisor.

Tenant shall at all times designate an active, qualified and competent supervisor who shall be authorized to represent and act for Tenant in matters pertaining to the day to day operation of the leased premises.

2.5 Employees of Tenant.

The Tenant shall provide staff sufficient to operate the Ford Field Park in an efficient and safe manner for the duration of this lease.

All employees of Tenant shall be clean, courteous, efficient and neat in appearance. Tenant shall not employ any person or persons in or about the Ford Field Park who shall use improper language or act in a loud, boisterous or otherwise improper manner, or any person who has been convicted of a child-abuse related offense.

2.6 Inspection.

Tenant shall allow the Landlord's authorized representatives, including police and ordinance enforcement officers, access to the premises to be occupied by Tenant under the terms of this Lease at all reasonable hours for the purpose of examining and

inspecting said premises for purposes necessary, incidental to or connected with the performance of Tenant's obligations hereunder, or in the exercise of Landlord's governmental functions.

Tenant agrees that the Landlord's Superintendent of Parks and Recreation, or his/her authorized agent, as designated in writing, is authorized to inspect Tenant's operation for cleanliness and condition of equipment during all hours equipped with a complete set of keys to the facility. If any of the foregoing are deemed unsatisfactory, the Superintendent of Parks and Recreation shall notify Tenant, in writing, to correct any unsatisfactory conditions. Such written notice shall contain specific particulars so as to adequately advise Tenant of the conditions deemed unsatisfactory and the reasons and grounds for such conclusion. Tenant shall take immediate steps to correct any such unsatisfactory condition. If Tenant is of the opinion that the action of the Superintendent of Parks and Recreation provided for herein is unwarranted, unreasonable or based upon erroneous facts or information, Tenant shall call the same to the attention of the Landlord and thereafter the parties shall use their best efforts to resolve any dispute to their mutual satisfaction.

Continued violation of the provisions of this clause by Tenant shall constitute sufficient grounds for the termination of this Lease Agreement.

2.7 Access to Premises; Hours of Operation.

Tenant, its employees and customers shall be entitled with others to the use of the adjoining parking lots. Should a question or dispute arise concerning the use of these parking lots, the parties shall utilize their best efforts to resolve such dispute in a manner appropriate to implementing the intent and purpose of this Lease Agreement while minimizing the inconvenience to others entitled to use of such parking lots.

Hours set for use the Leased premises shall be 6:00 a.m. to midnight Monday-Sunday. The facility shall not be open to the public past 11:00 p.m. any day.

2.8 Records Available.

Tenant shall make available to Landlord, upon request, all financial information, including IRS Forms 990, which would be necessary or useful in an audit of Tenant's operations at the Ford Field Park.

III. DUTIES AND RESPONSIBILITIES OF THE PARTIES.

3.1 Name: Ford Field Park.

Tenant shall be restricted to including the use of the name of "Ford Field Park" in describing the premises to be occupied under this Lease Agreement.

3.2 Present Condition of Premises.

Tenant agrees that it has examined the demised premises prior to its execution of this Lease, is familiar with the condition thereof from its years of operation of same, and is taking possession "as is."

3.3 [Reserved.]

3.4 Repairs and Maintenance.

Subject to the provisions of this Lease, Tenant shall, during the term, at Tenant's own expense, maintain the premises in good order, condition and repair, including, but not limited to, landscaping, lawn areas, utilities, repairs, painting, doorways, all plumbing fixtures and pipes, all electrical outlets and lights.

The Tenant shall be responsible for all repairs and maintenance to all equipment and personal property, including fencing, faucets, play features, benches, and pavement

stemming from Tenant's use of such equipment and property, including such repairs as may be necessary to meet building, fire, health, and similar codes.

3.5 Signs, Advertising, and Mechanical Devices.

No signs, may be erected or installed by the Tenant in violation of applicable ordinances and regulations of the City of Livonia.

3.6 Maintenance of Equipment.

Tenant agrees, at all times, to maintain and keep in good operating condition, at Tenant's sole expense, all equipment furnished by the Landlord. Any equipment installed by Tenant shall be installed at Tenant's sole cost and expense, in compliance with all applicable building codes and health rules and regulations. All equipment installed by Tenant shall be of good quality, safe, and shall harmonize with any equipment furnished by the Landlord to the extent possible.

All equipment, of any kind whatsoever, which may be installed by Tenant as a replacement for equipment initially furnished by the Landlord shall, after its installation, be and remain the property of the Landlord. All other property and trade fixtures shall be and remain the property of Tenant with the exception of those fixtures which are installed in the premises in a manner which makes them not readily removable without substantially damaging the premises.

3.7 Major Improvements.

Major improvements of a permanent nature shall be made only after submission by the Tenant of detailed plans and specifications to the Landlord who shall have the right to approve or disapprove them, either in whole or in part. All such improvements upon

being made shall become the property of the Landlord. In any event, no major improvements shall be made by the Tenant without the prior approval of the Landlord.

3.8 Trash and Garbage.

Tenant shall provide, at its sole cost and expense, a suitable method for adequate, sanitary handling and disposal of all trash, garbage and other refuse generated as a result of the operation of its business. Whenever possible, the Tenant and the Landlord shall coordinate their trash and rubbish disposal methods so as to accomplish these functions in a mutually advantageous manner.

3.9 Damages to Premises.

Tenant shall be responsible for damage to the premises, including the breakage of glass, caused by the negligent acts of its agents, employees, patrons, or other persons under its direction and control.

If the premises occupied by Tenant are partially damaged by fire, explosion, the elements, the public enemy, or other casualty, not caused by negligent acts of Tenant or its agents, employees, patrons, or other persons under its direction and control, but are not rendered untenable, the same may be repaired by the Landlord.

If the damage shall be so extensive as to render such premises wholly untenable, the Lease Agreement shall be deemed terminated by operation of law, and Landlord shall be under no obligation to repair and reconstruct the premises.

The Landlord and the Tenant mutually agree that each shall forfeit any right of action that either may later acquire against the other for loss or damage to the property of the other or to property in which either party may have an interest, where such loss is covered by Tenant's insurance.

3.10 Insurance Coverage.

The Tenant at its sole cost and expense shall provide insurance as follows:

- a) General Liability. The Tenant shall provide adequate insurance during the term of this Agreement which meets with the approval of the Landlord, covering liability to the public for loss resulting from injury to persons or damage to property arising out of or caused by its operations, acts or omissions, or those of its agents or employees. Such insurance coverage shall be in such amounts as shall be adequate to protect the public, the Tenant, the Landlord and its officers, agents and employees, and all parties in interest, and shall be not less than One Million Dollars (\$1,000,000.00) in respect to death or injury to any one person, and one Million Dollars (\$1,000,000.00) in respect to any one occurrence in the case of public liability, and shall not be less than One Million Dollars (\$1,000,000.00) in respect to any one occurrence of property damage.
- b) Worker's Compensation Coverage Insurance. The Tenant shall carry Worker's Compensation Coverage as required by the laws of the State of Michigan.
- c) Property Damage. The Tenant shall carry insurance against fire and other losses as to building and contents in an amount sufficient to replace the Arena, should a loss of such magnitude occur.
- d) Certified Copies. The Tenant shall file with the Landlord at the time this Agreement is returned to it for execution, a certified copy of the required insurance policies with adequate endorsements. A guarantee of at least twenty (20) days' notice to the Landlord prior to the cancellation of and/or

change in any insurance policy shall be endorsed and noted on each such policy.

3.11 Insurance Coverage by Landlord.

The Landlord shall maintain its own public liability and property damage insurance covering liabilities stemming from acts of the Landlord and its agents.

3.12 Indemnity.

Tenant does hereby covenant and agree to indemnify and save harmless the Landlord from all fines, suits, claims, demands and actions of any kind and nature whatsoever, by reason of any and all negligence on its part in conducting operations hereunder, and does hereby agree to assume all risks in the operation of its business hereunder and it shall be solely responsible and answerable in damages for any and all accidents or injuries to persons or property caused by the negligence of Tenant, its employees and agents.

3.13 Redelivery.

Tenant will make no unlawful or offensive use of said premises and will at the expiration of the term hereof or upon any earlier termination thereof, as hereinafter provided, quit and deliver said premises to the Landlord and those having their estate in the premises, peaceably, quietly, and in as good order and condition, reasonable use and wear thereof and fire and unavoidable cause excepted, as the same now are or may hereafter be placed by Tenant or the Landlord.

3.14 Additional Equipment and Furnishings.

Equipment and furnishings installed by the Tenant in the leased premises must first be approved by the Landlord or its authorized representative and at no time shall the

Tenant remove or replace the equipment or furnishings without notification to and prior approval by the Landlord or its authorized representative.

Tenant covenants and agrees that it will not sell, convey, mortgage, pledge or otherwise dispose of any of the equipment or furnishings installed on the premises which are the property of the Landlord without the consent, in writing, of the Landlord.

IV. PAYMENT TERMS.

4.1 Costs Borne by Tenant.

Tenant shall bear, at its own expense, all costs of operating its business, including all taxes and assessments that may be levied against the leased premises including, but not limited to, equipment and personal property owned by the Landlord.

Tenant shall pay for and obtain all permits and licenses required by authority of law in connection with the operation of its business.

4.2 Cost of Utilities.

Tenant shall pay for all heat, gas, water and electricity used in the leased premises, which shall be separately metered from any other use other than those within the leased premises.

Tenant shall pay for all repairs or replacements that become necessary due to the malfunction, damage, or any other failure of any of the apparatus necessary for the providing of said heat, gas, water, and electricity.

4.3 Rental Payments by Tenant.

Tenant, in consideration of this Agreement, hereby covenants and agrees to pay to the Landlord the sum of one dollar (\$1) for the term of the Lease.

V. ADDITIONAL TERMS OF AGREEMENT.

5.1 Section Headings.

The section headings contained herein are for convenience in reference and are not intended to define or limit the scope of any provision of this Agreement.

5.2 Invalid Provisions.

In the event that any provision herein contained is held to be invalid by any court of competent jurisdiction, the invalidity of such provision shall not affect the remainder of this Agreement.

5.3 Assignment and Subletting.

Tenant shall not assign, transfer, sublease, pledge, hypothecate, surrender or otherwise encumber or dispose of any interest arising under this Agreement or any estate created by this Agreement, or any interest in any portion of the same, or permit any other person or persons, company or corporation to occupy these premises, without the prior written consent of the Landlord which consent shall not be unreasonably withheld. An assignment or subletting without the prior written consent of the Landlord or an assignment or subletting by operation of law shall be void and shall, at the option of Landlord, terminate this Lease without notice to or further recourse by Landlord.

All the covenants, stipulations and agreements in this Agreement shall extend to and bind the legal representatives, successors and assigns of the respective parties hereto.

5.4 Default.

It is mutually agreed that if Tenant shall neglect or fail to promptly pay any amounts due and owing as specified in this Agreement, and if such failure continues for a period in excess of thirty (30) days from due date, then this Agreement shall, at the option of the

Landlord, be subject to cancellation and become void and of no further force or effect and the rights of Tenant shall forthwith be terminated hereunder.

5.5 Non-waiver.

Any waiver of any breach of covenant herein contained to be kept and performed by Tenant shall not be deemed or considered as a continuing waiver and shall not operate to bar or prevent the Landlord from declaring a forfeiture for any succeeding breach of any condition or covenant.

5.6 Notices.

Whenever under this Lease provision is made for notice of any kind, it shall be deemed sufficient notice and service thereof if such notice to the Tenant is in writing addressed to the Tenant at its last known post office address, or at the leased premises, and deposited in the mail with postage prepaid, and if such notice to the Landlord is in writing addressed to the last known post office address of the Landlord and deposited in the mail with postage prepaid. Notice need be sent to only one Tenant or Landlord where the Tenant or Landlord is more than one person.

5.7 Termination by Landlord.

The Landlord shall have the right, upon thirty (30) days' notice to the Tenant, except under subsections (a), (b), (c) (d) and (e) hereof in which cases such notice shall be seven (7) days, to terminate this Agreement at any time after the occurrence of any one or more of the following events:

- (a) Nonpayment of any fees required hereunder.
- (b) Institution of voluntary or involuntary bankruptcy by or against the Tenant.
- (c) Assignment by Tenant for benefit of creditors.
- (d) Abandonment by Tenant and discontinuance of operations hereunder.

- (e) Failure to pay Federal, State and local taxes as they become due.
- (f) Nonperformance of any covenant of this Agreement, excluding subsections (a), (b), (c) and (e) above, and failure of the Tenant to remedy such breach for a period of thirty (30) days after the receipt of written notice from the Landlord of the existence of such breach.
- (g) In the event the Tenant becomes permanently deprived of the rights, powers and privileges necessary to the proper conduct and operation of the facilities specified in this Agreement.
- (h) Expenditure of unreasonable amounts of compensation to any employees or staff of Lessee.

5.8 Termination by Tenant.

Prior to the commencement of this Lease, the Tenant shall have the right, upon thirty (30) days' notice to the Landlord, to terminate this Agreement in the event the Landlord breaches any of the terms, covenants, or conditions, herein contained. The Tenant shall advise the Landlord of any breach of the terms, covenants or conditions of this Agreement and the Landlord shall within seven (7) days after receipt of written notice from the Tenant remedy the alleged breach of contract.

5.9 Compliance with Laws.

Tenant hereby agrees to keep the premises in accordance with all police, sanitary and other regulations imposed by any governmental authority and to comply with all lawful orders, regulations and ordinances of any governmental authority affecting the premises and the cleanliness, safety, occupation and use of the same. Tenant also agrees to enforce the Park Rules and procedures set forth on the City of Livonia's website,

<https://livonia.gov/1568/Park-Rules>, as the same may be amended from time to time by the City of Livonia Parks and Recreation Commission.

5.10 Underwriter Requirements.

Tenant hereby agrees to observe all reasonable regulations and requirements of underwriters concerning the use and condition of the leased premises tending to reduce fire hazards and insurance rates and further agrees not to permit nor allow any rubbish, waste material or products to accumulate on the leased premises.

5.11 [Reserved].

5.12 [Reserved].

5.13 Continuing Liability.

It is mutually understood and agreed that in the event this Lease is terminated or Landlord repossesses itself of the premises by reason of the default of the Tenant, the Tenant shall not be released from liability under this Lease by reason thereof, and Tenant shall pay to the Landlord all damages sustained by reason of the default of the Tenant in failing to carry out the terms of this Lease, and all moneys in the Capital Reserve Fund shall be the property of Landlord.

5.14 Unrestricted Use Upon Termination.

Tenant hereby agrees that upon termination of this Lease at any time or for any cause, the Landlord shall have the unrestricted use of the subject property for any purpose and without any limitation whatsoever.

5.15 Cumulative Remedies.

It is agreed that each and every of the rights, remedies and benefits provided by this Lease shall be cumulative, and shall not be exclusive of any other of said rights, remedies and benefits or of any other rights, remedies and benefits allowed by law.

5.16 Nonpartnership.

Nothing herein contained shall create or be construed as creating a co-partnership between the Landlord and the Tenant or to constitute Tenant as an agent of the Landlord.

5.17 Succession.

The covenants and conditions herein contained shall bind the representatives and assigns of the Landlord and the Tenant and if more than one join in the execution hereof as Landlord or Tenant, the liability will be joint and several, or if they or either of them be of feminine sex, or a corporation, such words and the pronouns and other relative words shall be read as if written in the plural, feminine and neuter, respectively.

5.18 Peaceful Enjoyment.

The Landlord covenants that the said Tenant, on payment of all of the aforesaid installments and performance of all the covenants aforesaid, shall and may peacefully and quietly have, hold, and enjoy the said demised premises for the term aforesaid.

IN WITNESS WHEREOF, the parties hereto have hereunto set their hands and seals the day and year first above written.
