1. CR 249-20 The subject matter of a Master Plan for Greenmead Historical Park.
--

The meeting was called to order at 7:00PM.

A presentation to Council was led by Arthur Mullin of Wade Trim, addressing the main points of modifications to the plan to address some concerns of the community gardens:

- An emphasis was made to make sure drainage and soil are done correctly.
- They are working to strengthen a public and private partnership.
- The addition of a petting zone and hobby farm.
- Partnering with educational institutions was suggested, as there are potential opportunities with different universities.
- Rehabilitation of different buildings on the site, bringing them back to their true charm.
- Ideas of how to interpret the cohesive story surrounding the park.
- This plan is a living document, not a binding document, and is meant to look at it from a 50,000ft preceptive, as things will change and evolve over time.
- The plan is a guide for the future, setting us in the right direction. The plan has been approved by the Parks and Rec and Historical Commission.

Councilmember Scott Bahr offered and approving motion for the Greenmead Master Plan

The Committee Recommends:

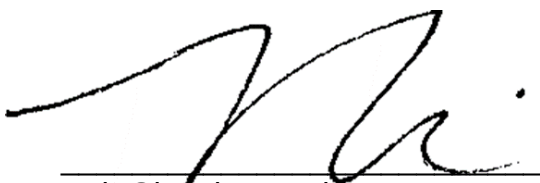

An approving resolution drafted by the Law Department
