WHEREAS, the forty-five day referendum period has expired and no petition was filed with the Clerk.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. Authorization of Bonds; Bond Terms. Bonds of the City designated 2025 CAPITAL IMPROVEMENT BONDS (LIMITED TAX GENERAL OBLIGATION) (the "Bonds") are hereby authorized to be issued in the aggregate principal sum of not to exceed Ten Million Dollars (\$10,000,000) or such lesser amount as shall be determined by the Mayor, Treasurer or Finance Director of the City or their designee (the "Authorized Officer") at the time of sale of the Bonds, for the purpose of paying the costs of the Project and paying costs incidental to the issuance, sale and delivery of the Bonds. The issue shall consist of bonds in fully-registered form of the denomination of \$5,000 each, or integral multiples thereof not exceeding for each maturity the aggregate principal amount of such maturity, and numbered consecutively in order of registration. The Bonds shall bear interest, mature and be payable at the times and in the manner set forth in Sections 6 and 7 hereof.

The Bonds shall bear interest at a rate or rates to be determined at the time of the sale thereof, but in any event not to exceed five and one-half percent (5.5%) per annum, payable on May 1, 2026 (or such date as determined at the time of the sale thereof) and semiannually thereafter on each November 1 and May 1. The Bonds shall be sold at public sale at a price not less than 100% or more than 120% of the principal amount thereof.

The Bonds shall be subject to redemption prior to maturity in the manner and at the times and prices set forth in Sections 6 and 7 hereof and if term bonds are selected by the original purchaser of the Bonds, then the Bonds will be subject to mandatory redemption in accordance with the foregoing referenced maturity schedule at par. Interest shall be payable to the registered owner of record as of the 15th day of the month prior to the payment date for each interest payment. The record date of determination of registered owner for purposes of payment of interest as provided in this paragraph may be changed by the City to conform to market practice in the future. Interest shall be payable to the registered owner of record as of the 15th day of the month preceding the payment date for each interest payment. The principal of the Bonds shall be payable at a bank or trust company to be selected to act as transfer agent for the Bonds (the "Transfer Agent") by an Authorized Officer prior to the publication of the notice of sale for the Bonds.

2. Execution of Bonds; Book-Entry-Only Form. The Bonds of this issue shall be executed in the name of the City with the manual or facsimile signature of the Mayor and countersigned by the manual or

facsimile signature of the Clerk and Treasurer and shall have the seal of the City, or a facsimile thereof, printed or impressed on the Bonds. No Bond executed by facsimile signature shall be valid until authenticated by an authorized officer or representative of the Transfer Agent. The Bonds shall be delivered to the Transfer Agent for authentication and be delivered by the Transfer Agent to the purchaser or other person in accordance with instructions from the Treasurer upon payment of the purchase price for the Bonds in accordance with the bid therefor when accepted.

The Bonds may be issued in book-entry-only form through The Depository Trust Company in New York, New York ("DTC"), and each Authorized Officer is authorized to execute such custodial or other agreement with DTC as may be necessary to accomplish the issuance of the Bonds in book-entry-only form and to make such changes in the form of the Bonds within the parameters of this resolution as may be required to accomplish the foregoing.

Any Bond may be transferred upon such registration books by the registered owner of record, in person or by the registered owner's duly authorized attorney, upon surrender of the Bond for cancellation, accompanied by delivery of a duly executed written instrument of transfer in a form approved by the Transfer Agent. The Transfer Agent shall require the payment by the bondholder requesting the transfer of any tax or other governmental charge required to be paid with respect to the transfer. Such notice shall be dated and shall contain at a minimum the following information: original issue date; maturity dates; interest rates; CUSIP numbers, if any; certificate numbers (and in the case of partial redemption) the called amounts of each certificate; the place where the Bonds called for redemption are to be surrendered for payment; and that interest on the Bonds or portions thereof called for redemption shall cease to accrue from and after the redemption date.

In addition, further notice shall be given by the Transfer Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

4. Limited Tax Pledge; Debt Retirement Fund; Defeasance of Bonds. The City hereby pledges its limited tax full faith and credit for the prompt payment of the Bonds. The City shall, each year budget the amount of the debt service coming due in the next fiscal year on the principal of and interest on the Bonds and shall advance as a first budget obligation from its general funds available therefor, or, if necessary, levy taxes upon all taxable property in the City subject to applicable constitutional, statutory and charter tax rate limitations, such sums as may be necessary to pay such debt service in such fiscal year.

The Treasurer is authorized and directed to open a depository account with a bank or trust company designated by the City Council, to be designated 2025 CAPITAL IMPROVEMENT BONDS (NEWBURGH VILLAGE) DEBT RETIREMENT FUND (the "Debt Retirement Fund"), the moneys to be deposited into the Debt Retirement Fund to be specifically earmarked and used solely for the purpose of paying principal of and interest on the Bonds as they mature.

*ADJUSTMENT OF TOTAL PAR AMOUNT OF BONDS AND PRINCIPAL MATURITIES: The City reserves the right to adjust the aggregate principal amount of the bonds after receipt of the bids and prior to final award, if necessary, so that the purchase price of the bonds will provide an amount determined by the City to be sufficient to construct the Project and to pay costs of issuance of the bonds. The adjustments, if necessary, will be in increments of \$5,000. The purchase price will be adjusted proportionately to the adjustment in issue size, but the interest rates specified by the successful bidder for all maturities will not change. The successful bidder may not withdraw its bid as a result of any changes made within these limits.

*ADJUSTMENT TO PURCHASE PRICE: Should any adjustment to the aggregate principal amount of the bonds be made by the City, the purchase price of the bonds will be adjusted by the City proportionally to the adjustment in principal amount of the bonds, so as to maintain the underwriter's spread as comparable as possible. The adjusted purchase price will reflect changes in the dollar amount of the underwriter's discount and original issue discount/premium, if any, but will not change the per-bond underwriter's discount as calculated from the bid and initial reoffering prices.

INTEREST RATE AND BIDDING DETAILS: The bonds shall bear interest at rate or rates not exceeding five and one-half percent (5.5%) per annum, to be fixed by the bids therefor, expressed in a fraction of 1/8 or 1/100 of 1%, or both. The interest on any one bond shall be at one rate only and all bonds maturing in any one year must carry the same interest rate. The difference between the highest and lowest interest rates bid shall not exceed three percent (3.0%) per annum. No proposal for the purchase of less than all of the bonds or at a price less than 100% or more than 120% of their par value will be considered.

PRIOR REDEMPTION OF BONDS: Bonds maturing in the years 2026 to 2035 inclusive, shall not be subject to redemption prior to maturity. Bonds or portions of bonds in multiples of \$5,000 maturing in the year 2036 and thereafter shall be subject to redemption prior to maturity, at the option of the City, in any order of maturity and by lot within any maturity, on any date on or after May 1, 2035, at par and accrued interest to the date fixed for redemption.

In case less than the full amount of an outstanding bond is called for redemption, the transfer agent, upon presentation of the bond called for redemption, shall register, authenticate and deliver to the registered owner of record a new bond in the principal amount of the portion of the original bond not called for redemption.

Notice of redemption shall be given to the registered owner of any bond or portion thereof called for redemption by mailing of such notice not less than thirty (30) days prior to the date fixed for redemption to the registered address of the registered owner of record. A bond or portion thereof so called for redemption shall not bear interest after the date fixed for redemption provided funds are on hand with the transfer agent to redeem the bond or portion thereof.

TERM BOND OPTION: The initial purchaser of the bonds may designate any one or more maturities as term bonds. The amounts of the maturities which are aggregated in a designated term bond shall be subject to mandatory redemption on May 1 of the years and in the amounts set forth in the above maturity schedule at a redemption price of par, plus accrued interest to the date of mandatory redemption. Term bonds or portions thereof mandatorily redeemed shall be selected by lot. Any such designation must be made at the time bids are submitted and must be listed on the bid.

BOOK-ENTRY ONLY: The bonds will be issued in book-entry-only form as one fully registered bond per maturity and will be registered in the name of Cede & Co., as bondholder and nominee for The Depository Trust Company ("DTC"), New York, New York. DTC will act as securities depository for the bonds. Purchase of the bonds will be made in book-entry-only form, in the denomination of \$5,000 or any multiple thereof. Purchasers will not receive certificates representing their interest in bonds purchased. It will be the responsibility of the purchaser to obtain DTC eligibility. Failure of the purchaser to obtain DTC eligibility shall not constitute cause for a failure or refusal by the purchaser to accept delivery of and pay for the bonds.

TRANSFER AGENT AND REGISTRATION: Principal shall be payable at the principal corporate trust office of [TRANSFER AGENT], or such other transfer agent as the City may hereafter designate by notice mailed to the registered owner of record not less than 60 days prior to an interest payment date. Interest shall be paid by check mailed to the registered owner of record as shown on the registration books of the City as of the 15th day prior to an interest payment date. The bonds will be transferred only upon the registration books of the City kept by the transfer agent.

PURPOSE AND SECURITY: The bonds are authorized for the purpose of paying the cost of acquiring and constructing various capital improvements for the City. The bonds will be a first budget obligation of

the City, payable from the general funds of the City including the collection of ad valorem taxes on all taxable property in the City subject to applicable constitutional, statutory and charter tax rate limitations. The rights or remedies of bondholders may be affected by bankruptcy, insolvency, fraudulent conveyance or other laws affecting creditors' rights generally now existing or hereafter enacted and by the application of general principles of equity including those relating to equitable subordination.

AWARD OF BONDS – TRUE INTEREST COST: The bonds will be awarded to the bidder whose bid produces the lowest true interest cost determined in the following manner: the lowest true interest cost will be the single interest rate (compounded on May 1, 2026 and semi-annually thereafter on each May 1 and November 1) necessary to discount the debt service payments from their respective payment date to the closing date, in an amount equal to the price bid, excluding accrued interest. Each bidder shall state in its bid the true interest cost to the City, computed in the manner specified above.

TAX MATTERS: In the opinion of Miller, Canfield, Paddock and Stone, P.L.C., bond counsel, under existing law, assuming compliance with certain covenants, interest on the bonds is excludable from gross income for federal income tax purposes as described in the opinion, and the bonds and interest thereon are exempt from all taxation by the State of Michigan or any taxing authority within the State of Michigan except estate taxes and taxes on gains realized from the sale, payment or other disposition thereof.

NOT “QUALIFIED TAX-EXEMPT OBLIGATIONS”: The City will not designate the bonds as “qualified tax-exempt obligations” for purposes of the deduction of interest expense by financial institutions pursuant to the Internal Revenue Code of 1986, as amended.

ISSUE PRICE: The winning bidder shall assist the City in establishing the issue price of the bonds and shall execute and deliver to the City at closing an “issue price” or similar certificate setting forth the reasonably expected initial offering price to the public or the sales price or prices of the bonds, together with the supporting pricing wires or equivalent communications, substantially in the form attached either as Appendix __-1 or Appendix __-2 to the Preliminary Official Statement for the bonds, with such modifications as may be appropriate or necessary, in the reasonable judgment of the winning bidder, the City and bond counsel.

The City intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining “competitive sale” for purposes of establishing the issue price of the bonds) will apply to the initial sale of the bonds (the “Competitive Sale Requirements”) because:

- a. the City is disseminating this Notice of Sale to potential underwriters in a manner that is reasonably designed to reach

potential underwriters;

- b. all bidders shall have an equal opportunity to bid;
- c. the City anticipates receiving bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and
- d. the City anticipates awarding the sale of the bonds to the bidder who submits a firm offer to purchase the bonds at the lowest true interest cost, as set forth in this Notice of Sale.

Any bid submitted pursuant to this Notice of Sale shall be considered a firm offer for the purchase of the bonds, as specified in the bid.

In the event that all of the Competitive Sale Requirements are not satisfied, the City shall so advise the winning bidder. The City will not require bidders to comply with the “hold-the-offering price rule” (as described below), and therefore does not intend to use the initial offering price to the public as of the sale date of any maturity of the bonds as the issue price of that maturity, though the winning bidder, in consultation with the City, may elect to apply the “hold-the-offering price rule.” Bids will not be subject to cancellation in the event the Competitive Sale Requirements are not satisfied. Unless a bidder intends to apply the “hold-the-offering price rule” (as described below), bidders should prepare their bids on the assumption that all of the maturities of the bonds will be subject to the 10% Test (as described below). The winning bidder must notify the City of its intention to apply either the “hold-the-offering-price rule” or the 10% Test at or prior to the time the bonds are awarded.

If the winning bidder does not request that the “hold-the-offering price rule” apply to determine the issue price of the bonds, then the following two paragraphs shall apply:

- a. The City shall treat the first price at which 10% of a maturity of the bonds (the “10% Test”) is sold to the public as the issue price of that maturity, applied on a maturity-by-maturity basis. The winning bidder shall advise the City if any maturity of the Bonds satisfies the 10% Test as of the date and time of the award of the bonds; and
- b. Until the 10% Test has been satisfied as to each maturity of the bonds, the winning bidder agrees to promptly report to the City the prices at which the unsold bonds of that maturity have been sold to the public. That reporting obligation shall continue, whether or not the closing date has occurred, until either (i) all bonds of that maturity have been sold or (ii) the 10% Test has been satisfied as to the bonds of that maturity, provided that,

the winning bidder's reporting obligation after the closing date may be at reasonable periodic intervals or otherwise upon request of the City or bond counsel.

If the winning bidder does request that the "hold-the-offering price rule" apply to determine the issue price of the bonds, then following three paragraphs shall apply:

- a. The winning bidder, in consultation with the City, may determine to treat (i) pursuant to the 10% Test, the first price at which 10% of a maturity of the bonds is sold to the public as the issue price of that maturity and/or (ii) the initial offering price to the public as of the sale date of any maturity of the bonds as the issue price of that maturity (the "hold-the-offering price rule"), in each case applied on a maturity-by-maturity basis. The winning bidder shall advise the City if any maturity of the bonds satisfies the 10% Test as of the date and time of the award of the bonds. The winning bidder shall promptly advise the City, at or before the time of award of the bonds, which maturities of the bonds shall be subject to the 10% Test or shall be subject to the hold-the-offering price rule or both.
- b. By submitting a bid, the winning bidder shall (i) confirm that the underwriters have offered or will offer the bonds to the public on or before the date of the award at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in the bid submitted by the winning bidder, and (ii) if the hold-the-offering-price rule applies, agree, on behalf of the underwriters participating in the purchase of the bonds, that the underwriters will neither offer nor sell unsold bonds of any maturity to which the hold-the-offering-price rule shall apply to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:
 - a. the close of the fifth (5th) business day after the sale date; or
 - b. the date on which the underwriters have sold at least 10% of that maturity of the bonds to the public at a price that is no higher than the initial offering price to the public;

The winning bidder shall promptly advise the City when the underwriters have sold 10% of that maturity of the bonds to the public at a price that is no higher than the initial offering price to the public, if that occurs prior to the close of the fifth (5th) business day after the sale date.

- c. The City acknowledges that, in making the representation set forth above, the winning bidder will rely on (i) the agreement of each underwriter to comply with the requirements for establishing issue price of the bonds, including, but not limited to, its agreement to comply with the hold-the-

offering-price rule, if applicable to the bonds, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the bonds, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an underwriter or dealer who is a member of the selling group is a party to a third-party distribution agreement that was employed in connection with the initial sale of the bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the bonds, as set forth in the third-party distribution agreement and the related pricing wires. The City further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the requirements for establishing issue price of the bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the bonds, and that no underwriter shall be liable for the failure of any other underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement to comply with its corresponding agreement to comply with the requirements for establishing issue price of the bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the bonds.

By submitting a bid, each bidder confirms that:

- a. Any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the bidder is a party) relating to the initial sale of the bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable, (A)(i) to report the prices at which it sells to the public the unsold bonds of each maturity allocated to it, whether or not the closing date has occurred, until either all bonds of that maturity allocated to it have been sold or it is notified by the winning bidder that the 10% Test has been satisfied as to the bonds of that maturity, provided that, the reporting obligation after the closing date may be at reasonable periodic intervals or otherwise upon request of the winning bidder, and (ii) to comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the winning bidder and as set forth in the related pricing wires, (B) to promptly notify the winning bidder of any sales of bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the bonds to the public (each such term being used as defined below), and (C) to acknowledge that, unless otherwise advised by the underwriter, dealer or broker-dealer, the

winning bidder shall assume that each order submitted by the underwriter, dealer or broker-dealer is a sale to the public.

- b. Any agreement among underwriters or selling group agreement relating to the initial sale of the bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter or dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to (i) report the prices at which it sells to the public the unsold bonds of each maturity allocated to it, whether or not the closing date has occurred, until either all bonds of that maturity allocated to it have been sold or it is notified by the winning bidder or such underwriter that the 10% Test has been satisfied as to the bonds of that maturity, provided that, the reporting obligation after the closing date may be at reasonable periodic intervals or otherwise upon request of the winning bidder or such underwriter, and (ii) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the winning bidder or the underwriter and as set forth in the related pricing wires.
- c. Sales of any bonds to any person that is a related party to an underwriter shall not constitute sales to the public for purposes of this Notice of Sale.

Further, for purposes of this Notice of Sale:

- a. “public” means any person other than an underwriter or a related party;
- b. “underwriter” means (A) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the bonds to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the bonds to the public);
- c. a purchaser of any of the bonds is a “related party” to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other); and
- d. “sale date” means the date that the bonds are awarded by the City

to the winning bidder.

Payment for the bonds shall be made in Federal Reserve Funds.

CUSIP NUMBERS: CUSIP identification numbers will be printed on the bonds at the option of the purchaser, but neither the failure to print such numbers on any bonds nor any error with respect thereto shall constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with terms of the purchase contract. All expenses in relation to the printing of CUSIP numbers on the bonds shall be paid for by the purchaser, and the CUSIP Service Bureau charge for the assignment of such numbers shall be the responsibility of and shall be paid for by the purchaser.

Any and all increased costs of issuance of the bonds resulting from such purchase of insurance shall be paid by the purchaser, except that if the City has requested and received a rating on the bonds from a rating agency, the City shall pay the fee for the requested rating. Any other rating agency fees shall be the responsibility of the purchaser. Failure of the municipal bond insurer to issue the policy after the bonds have been awarded to the purchaser shall not constitute cause for failure or refusal by the purchaser to accept delivery of the bonds from the city.
